

SIX INDICTED BY THE GRAND JURY

Max Pearsey and Fred Clevenger, Jr., Held in Jail For Assault, Among Number

FOUR OTHERS NOT PUBLIC

Robbery at Horr's Home Investigated But no Indictment Returned it is Said

Six indictments were returned by the grand jury yesterday evening, two of which were against Max Pearsey and Fred Clevenger, Jr., charging them with assault and battery on Jess Levi. They have been in jail several days, having been bound over to the grand jury from Mayor Behout's court.

The grand jury was still in session today, but was expected to adjourn late this afternoon. No more indictments were anticipated.

The other four indictments are not made public because arrests have not yet been made, but probably will be tomorrow.

The bench warrants were issued this afternoon and the Clevenger and Pearsey boys were taken before the court. Their cases may be disposed of tomorrow, it is said. They are alleged to have assaulted Levi two weeks ago last Sunday night while he was on the way home. Levi filed affidavits against them before Mayor Behout, charging assault and battery with intent to kill. With the return of the indictments, the affidavits against them in circuit court were dismissed.

The six indictments were returned last night, but the grand jury was in session again today. It was believed that the investigators would adjourn for the term this afternoon and it was not expected that any more indictments would be returned although such a thing was possible.

One of the things under investigation, it is understood, was the theft of \$24.65 from the home of Mrs. Catherine Horr Monday evening. It is also reported that none of the six indictments returned are connected with this particular robbery.

The thief evidently was frightened and the night following the theft stuck an envelope containing a \$20 bill under the door of the Horr home thereby making \$4.65 on the transaction.

It was this act of a guilty conscience which led the police to believe they were on a hot trail and

HAS FIVE REQUESTS FOR COAL SHIPMENTS

County Fuel Administrator Will Order Several Cars Tomorrow Based on Needs Here.

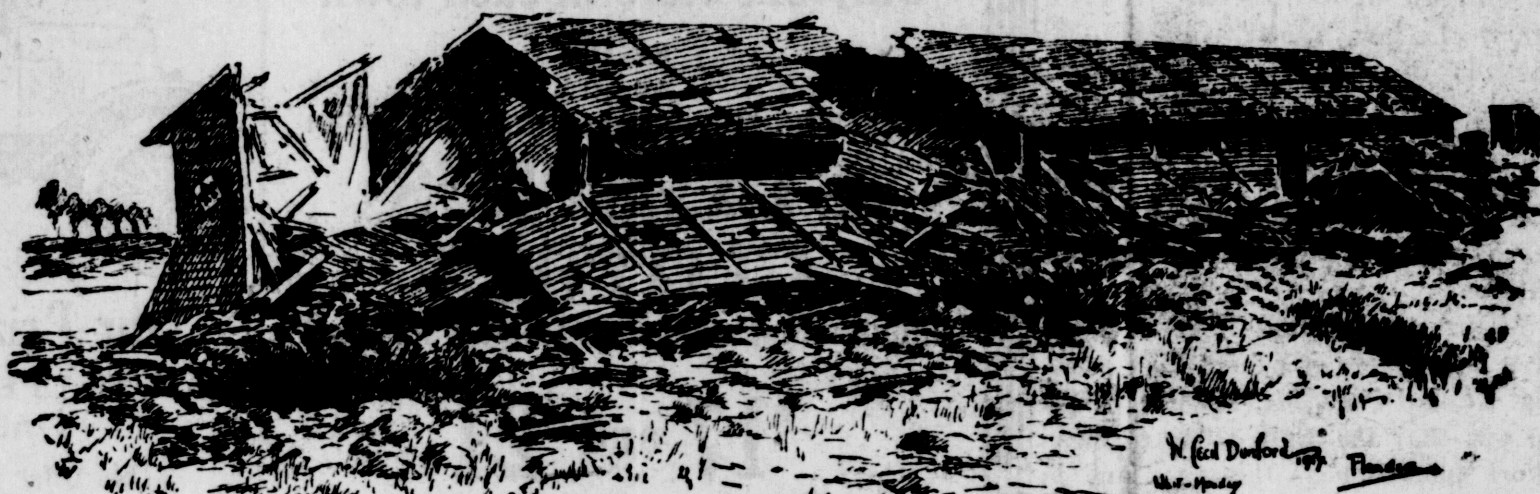

FIRST FOUR CARS EXPECTED

S. L. Tabue, county fuel administrator, has requests for five more cars of coal to be delivered through the federal coal administration. Four cars for the county, two for this city and one each for Falmouth and Carthage, were ordered on Monday of this week and are expected to arrive the first of next week, because it takes about 10 days to get an order through.

The county administrator will send in a requisition for shipments tomorrow and may have requests for more than five cars by that time. The plan announced the first of the week can not be followed yet. It was that on Friday of each week the state fuel administrator would report the number of cars of coal available for Rush county. The county administrator was then expected to allot the amount available among the communities needing the coal worst. Mr. Tabue received

Y. M. C. A. Hut Wrecked By German Shells

A hut near Ouderdon, Belgium. One night's work!! (On the part of the Boshche.) This hut at Montreal Camp near Reninghelst and Ouderdon, Belgium, was completely wrecked on one Sunday night in 1917. The Y. M. C. A. staff who were occupying the extreme end sought shelter in a neighboring ditch and had a miraculous escape from death, one shell pitching into the middle of the hut whilst they were occupying the end. While lying in the ditch, another shell, falling short of the hut, fell exactly eight paces from one of them (the artist after making the drawing paced it.) The hut was damaged beyond repair, and beyond a few sections which could be utilized in another building, was reduced to firewood.

CHURCHES ASKED TO CO-OPERATE

T. M. Green Sends Letters to Ministers Urging Emphasis Be Placed on Y. M. C. A. Campaign

DRIVE FOR FUND ON SUNDAY

Attractive Posters Are Distributed Throughout the County to Advertise Campaign

E. A. Lower, who speaks here Sunday night, will address a mass meeting at Milroy Sunday afternoon at 2:30 o'clock at the school building in the interest of the Y. M. C. A. war fund campaign.

The churches of the city have been asked by T. M. Green, chairman of the Y. M. C. A. campaign, to co-operate in making the week a success by placing emphasis on its importance on the opening day of the campaign Sunday, November 11. The county chairman has written each minister a letter asking that the announcements he made at the morning services and has sent attractive posters to decorate each of the churches.

The opening day of the campaign will be brought to a close with the union meeting at the Christian church in the evening, when E. A. Lower, a Y. M. C. A. secretary from Hattiesburg, Miss. will give a talk. An interesting program is being arranged for the meeting and special music will be provided. Mr. Lower will bring news of the army "Y. M." from a soldier's standpoint.

Very convincing posters have been sent out that will be distributed to advertise the campaign throughout the county. The churches of the county are also promising to give a part of their service to the Y. M. C. A. work on Sunday morning.

Lew Lewis, chairman of Walker township, has sent word to Chairman Green that all of the churches of Walker township will bring the cause before the people on Sunday. The committee of canvassers from this township has not yet been appointed, but will be in the near future. Charles Trowbridge of Center township has asked the following men to aid him in raising Center township's allotment: H. C. Atkins, Walter Lord, Herschell Oldham, Elbert Atkins, William Reeves, Ola Apple, and George B. Clark.

BRITISH AND FRENCH ARRIVE

Reinforcements Have Tremendous Effect on Italian Troops.

(By United Press.)

London, Nov. 9.—Arrival of British and French troops has had a tremendous effect on the Italian fighters, according to a dispatch today from Gen. Cadorna's headquarters.

Send Rush County Men In France a Christmas Gift

The following Rush county men are in France serving their country and Rush county people are urged to remember them on Christmas:

RAYMOND LEE COLESTOCK, Battery A, 150th Field Artillery, A. E. F.
MURRAY R. DAWSON, Company K, 26th Infantry, A. E. F.
ELBERT COX, Company K, 18th Infantry, A. E. F.
ARTHUR PULLIAM, Company M, 20th Infantry, A. E. F.
JERRY O. SOMERVILLE, Motor Truck Company 104, A. E. F.
AUBREY VANSICKLE, Company C, 13th Engineers, A. E. F.
ROY J. HARRIGAN, Battery C, 6th Field Artillery, A. E. F.
TOM SAUNDERS, 74th Co., 6th Regiment, Marine Corps, A. E. F.
CLARENCE MYERS, 74th Co., 6th Regiment, Marine Corps, A. E. F.
EARL GREGORY, 54th Aero Squadron, A. E. F.
FLOYD FRENCH, 91st Aero Squadron, A. E. F.
1st LIEUT. WILLARD H. CRAWFORD, Heavy Artillery School A. E. F.
CARL JACKSON, Battery G, 8th Artillery, A. E. F.

The rules of the postoffice department must be observed to the letter if friends sending any of these boys Christmas gifts want them to reach their destination. On account of the tons of gifts which will be handled for the expeditionary forces, parcels MUST BE MAILED BY NOVEMBER 15 in order for them to reach the trenches by Christmas morning.

The Rushville postoffice has a set of rules sent out by the postoffice department at Washington. Unless they are followed in addressing gifts to men of the expedition in France, the parcels will be returned to the senders for the proper address. The sender should write the return address on the same side of the parcel with the address of the soldier to whom it is sent.

Gifts intended for the trenches are divided into two classes—those which weigh seven pounds or less and those which weigh more than seven pounds and no more than twenty, which is the largest parcel which may be sent abroad.

Parcels in the first class—those weighing seven pounds and less—are transmitted to their destination by the mail service and parcels in the second class—those weighing more than seven pounds and up and including twenty pounds—are dispatched to New York by mail service and from that point to the destination are handled by the United States war department. Therefore, parcels weighing seven pounds or less should be addressed as follows:

Return to
Mrs. John Smith
—Bank Street
New York City

Stamp

JOHN SMITH, JR.,

Co. X, — Infantry,

American Expeditionary Forces.

Parcels weighing more than 7 pounds and up to 20 pounds should be addressed:

Name of Soldier,

Unit to which he belongs,

Care of Commanding Gen'l, Port of Embarkation, Pier 1,
Hoboken, N. J.

Patrons are instructed under no circumstances to attempt to designate on the address, the location of the military unit.

Parcels weighing more than seven pounds can not be transmitted to the trenches by mail because of the agreement between the French railroads and the French government which restricts the weight of parcel post packages carried by them to seven pounds.

Because of this limitation, the United States war department consented to handle from New York all parcel post packages destined to the American expeditionary forces up to and including twenty pounds in weight.

In addition to the address as outlined above for parcels of this class, they should be marked "Christmas Box." All such parcel post matter must conform to the postal regulations and in addition must be inclosed in wooden boxes, the boxes to measure not to exceed two cubic feet in volume, to be well strapped and to have a hinged or screwed top to facilitate opening and inspecting. No perishable food products other than those inclosed in cans or glass jars should be packed in such shipments.

The rate of postage on all parcel post matter intended for men in the expeditionary forces weighing over or under seven pounds, is twelve cents a pound.

He said when he was here before he was going to Camp Taylor. He expects to find employment there.

KERENSKY SAID TO BE UNDER ARREST

Russian Premier is Reported in Stockholm Messages to Have Been Detained

THE DETAILS ARE LACKING

Fear is Expressed Revolutionists Will Open Way to Petrograd For German Troops

KERENSKY ARRESTED

(By United Press.)

Stockholm, Nov. 9.—Arrest of the Russian Premier Krensky, was reported in messages received today. No details were given as to how the revolutionists succeeded.

(By United Press.)

Chicago, Nov. 9.—The new developments in Russia are evoking the sympathy of the Japanese government and the Japanese people for the Russian provisional government, according to a prominent Japanese official here today.

"As a representative of the people and the government of Japan, I sympathize heartily with the Russian provisional government," said the official. "I hope as my people hope that they will soon come down to a settled state and make themselves a factor in the war once more."

(By United Press.)

London, Nov. 9.—Russia is back again where she started last March. The provisional government still has the support of the remainder of Russia outside of Petrograd. Lenin, Trotsky and his fellow fanatics have extended their campaign beyond Petrograd in an attempt to sway Russia's great peasant population.

The fear is felt here that in pursuance of the scheme of restoring peace or possibly in pursuance of plans of German officials, the revolutionists would open the way to Petrograd to a German fleet and German troops.

It was regarded here as practically certain that radical leaders engineered their troops with Germany's direct aid and it was regarded as highly significant that cables yesterday reported a German fleet near Helsinki, Finland.

The council's military committee today decided to imprison Gen. Korniloff and others not in sympathy with its program in the fortress of St. Peter and Paul.

MAY SETTLE PAPER PRICE

(By United Press.)

Washington, Nov. 9.—There was strong indication today that the print paper situation will be settled and a reasonable price fixed by the government.

The print paper makers indicted in the so-called paper trust case in federal district court, New York, are understood to have proposed that a maximum price of \$3 a hundred pounds be fixed pending announcement of the final price by the federal trade commission.

State Council of Defense Urges Local Committee on Protection to Report Cases

BULLETIN TO COUNTY COUNCIL

Specific Instances Cited Where Efforts Are Made to Prevent Patriotic Work

A. L. Gary, chairman of the County Council of Defense, today addressed letters to the committee on protection of council calling attention to a request of the State Council of Defense to locate definitely "all instances of disloyalty, all direct or indirect propaganda of discouragement, or actual hostility to any war measure, and to get this information" to the office of the state council as quickly as possible.

The bulletin received this morning by Mr. Gary states that it is absolutely necessary in every county where it has not already been done, that there be designated a committee on protection. It so happens that such a committee was appointed here soon after the council was organized and has been actively engaged in watching for cases of disloyalty. The names of the members of the committee are not made public.

"We have a great many specific instances in counties where efforts have been made," says the bulletin. "to prevent the signing of the Hoover cards; to prevent the registration of women; to prevent attendance at meetings; to prevent evidence of patriotism in school children; to encourage celebration of German victories, etc. These are all acts of treason and will be treated as such."

"We actually have had instances where men are going about impersonating government officials and taking canned fruit from cellars. If these men can be detained until the arrival of a United States marshal, they will be summarily dealt with."

"We are taking steps here to handle all such matters. If a committee has been appointed for the purpose of protection in every county, let that committee get busy at once and carefully look out for any actions and report the same promptly to this office. The government has detailed a special representative here to work with the State Council of Defense in handling of these matters."

TO REPORT FOR DUTY IN FRANCE ON MONDAY

Harvey Allen Leaves in Morning For Washington to Serve as Mail Clerk Abroad

CLERK HERE FOR 18 YEARS

Harvey Allen, who has been called by the government to serve in the postal service in France, leaves tomorrow morning at 5:58 for Cincinnati from where he will go to Washington, D. C., reaching there Sunday afternoon. On Monday, he is to report to the postal department at the capital and get his passports after which he will leave for New York. He does not know from what port he will sail or in what part of France he will be located. His work will be in the postoffices established for the American soldiers.

The summons to go abroad in the United States service comes as an honor to Mr. Allen for out of this country only 150 men were called for this work. His going is not compulsory, but with an increase in salary, the position is a big promotion, from the government and is in recognition of the efficient service he has given for the past eighteen years in the local postoffice.

LATEST REPORTS SHOW OHIO IS WET

(By United Press.)

Columbus, O., Nov. 9.—With figures constantly changing as official and complete unofficial returns came in today, the result of Ohio's vote on prohibition is still befogged.

With all corrections reported made the result showed a wet majority of 66. The vote now stands: Wet, 523,005; dry, 522,325.

The tabulation included official reports from sixty-eight counties and unofficial but complete reports from the remaining twenty. The "wet" leaders further bulwarked their contention by pointing out that the densely populated counties had reported unofficially, making additional gains probable for them.

Leaders of the prohibition forces are making open accusations of fraud.

LARGE ATTENDANCE AT HOG MEETING

Increased Pork Production Urged in 4 Addresses by J. B. Morgan of Galveston, Tex.

The farmers of Rush county have been responding to the opportunity given yesterday and today to hear the facts about hog production in the country, through the experts sent here by Purdue university. J. B. Morgan of Galveston, Tex., a practical hog raiser, and M. F. Dietrick of Ohio, a demonstrator, have given talks at the five meetings held in the county and will speak again tonight at the Gowdy school. The meeting tonight will follow the services at the Gowdy Christian church.

About one hundred farmers gathered at the Mays school last evening. At that time, Mr. Morgan pointed out that the United States was short 400,000 hogs this year and in the face of this fact the country was helping supply the allies with food and was feeding a large army. The call is to the farmers to increase the supply of pork. Mr. Dietrick's talk was on seed corn and fertilizer and he gave some very worthwhile facts to the farmers concerning their use. The meetings at the farms of George Green and George Looney yesterday and at Elmer Hutchinson's and Frank Sample's today all were well attended, considering the fact that the farmers are very busy at this season.

WESLEY LOCKHART TO GET SHARE OF ESTATE

Wesley Lockhart, living a short distance east of the city on the Theodore Reed farm, one of the three grandchildren of the late John Lockhart who were benefited by a decision in the Fayette circuit court at Connersville setting aside their grandfather's will.

The other plaintiffs bringing the suit, all grandchildren, were Thornton M. Lockhart, a brother of Wesley and now in the army serving in France and Leta Lockhart, a cousin of Wesley. They alleged that undue influence had been brought to bear in causing Mr. Lockhart to will all of his property, estimated to be worth about \$25,000, to his three children, Will Lockhart and Mrs. Bert Cristman of Connersville, and Mrs. Theodore Murphy living a short distance east of Glenwood. The jury answered interrogatories deciding that undue influence was used and that Mr. Lockhart was of unsound mind, as alleged in the complaint. The three plaintiffs are children of deceased children of the late Mr. Lockhart.

John A. Tittsworth of this city was one of the attorneys for the plaintiffs. The actual trial of the case lasted eight days, but it was started three weeks ago and interrupted by the illness of a juror.

FOUR MORE GERM "CARRIERS" FOUND

Cultures From Children's Throat Are Reported on by The State Board of Health

A CAREFUL WATCH IS KEPT

The reports of the cultures taken of the children at the Havens school show that two have the germs of diphtheria in their throat. It is altogether possible that they will not develop the disease, but are merely "carriers." However, they have been taken from school and quarantined. The children are Wardo Haywood and Florence Alsop. The report came positive also for the tests taken from Joseph Pike and Galen Bradford. These two children had been kept out of school because they were suspected of carrying the germs. Several others were reported suspicious and they were immediately taken out of school.

The report does not necessarily mean that the situation is any worse. It merely means that as soon as a child shows any signs of the disease he is immediately tested and taken from school. The doctors have kept this careful watch on all school children in order that all traces of the disease will be stamped

out and will continue to take tests of suspicious cases or the children that have been absent until there are no more reports of a positive nature. The reports of two children came back negative so that they were released from quarantine. They are Frances Marts and Chester Byard.

Mrs. James Hobbs, to whom a child was born yesterday morning early, is critically ill at the home of her father, George Newlin. Mrs. Hobbs suffered fourteen convulsions yesterday and is in a very serious condition although there are hopes for her recovery.

Do You Neglect Your Machinery?

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. To clean the system at least once a week is to practice preventive measures. You will escape many ills and clear up the coated tongue, the sallow complexion, the dull headache, the lazy liver, if you will take a pleasant laxative made up of the May apple, juice of the leaves of aloe, root of jalap, and called Pleasant Pellets. You can obtain at almost any drug store in this country these vegetable pellets in vials for 25c—simply ask for Dr. Pierce's Pleasant Pellets. They have the Dr. R. V. Pierce stamp upon them.

South Bend, Ind.—“As a purgative and cure for sluggish liver I think Dr. Pierce's Pleasant Pellets are just fine. It is quite a few years since I had occasion to need them, but I feel sure that it is on their account that my liver is in such good condition today. I would advise any one troubled with constipation and sluggish liver to give the ‘Pleasant Pellets’ a trial.”—Mrs. EMMA CHANDONIA, 725 E. Washington Blvd.

MOTHERS, ATTENTION!

Peru, Ind.—“Always during the expectant period and afterward I would have poor circulation and numb spells, bothering me more at night. Five years ago I tried Dr. Pierce's Favorite Prescription—took about three bottles of it and these spells left me and never returned and I got along nicely.”—Mrs. STELLA ESSIG, 390 E. Amusements

House Peters and Louise Huff will appear in “The Lonesome Chap,” at the Princess theatre tonight. It is a story that has lots of action and is full of thrilling episodes. Saturday night, “The Lad and the Lion,” an exciting story of the jungle, will be the attraction.

Commencing Monday evening at the Shubert Murat Theatre, Indianapolis, November 12th for a week's engagement with the Wednesday and Saturday matinees William Hodge always a welcome favorite in Indianapolis announces he will appear in a new four act comedy drama. Its title is “A Cure for Curables” and it was written by Earl Derr Biggers and Lawrence Whitman. It is something unusual and unique and Mr. Hodge believes that it will not only please his audiences, but will do some good. This time he will appear in a role different than any other he has ever assumed. He will portray the role of Dr. James Pendergrass, a young Kentuckian who has inherited a sanatorium from his uncle. The uncle places a proviso in the will to the effect that unless the young doctor cures ten patients within thirty days, the place will revert to an assistant. No stretch of imagination is needed by those who know Mr. Hodge's work to figure out what sort of situations are created. But the humor is of an unusual sort. It is subtle, rich and inimitable. It runs through the entire play like

a golden cord, linking together the various situations and carrying the audiences away from itself, into another atmosphere. A love story, powerful, beautiful and above anything usually attempted on the stage, runs through the story adding thereby a charm that is impossible to express in words. There is a great big soul in this new play of Mr. Hodge's and a foundation that gives ample strength for making the play as a whole a tremendous success.

This opportunity will positively be the only one to see Mr. Hodge this season as he will play only week stands and plays no other city besides Indianapolis in Indiana. He is headed for Boston for a long run.

Supporting Mr. Hodge in this new play is the following well known players Ada C. Nevil, Adelyn Wesley, Wm. Verance, Geo. Lung, Edith Shayne, Lili Patay, Charles Verner, Harold White, Clara Mopres, Edward Wonn, George Barr, Clarence Bellair, Robert Wayne, Frederick Strange, Brigham Royce, David Marshall, Harry Hart, Joseph Weber, James Lewis, James Mailday, Ford Record and Arthur Sprague.

DOZEN EXPECTED TO JOIN

A meeting was held in the court house last evening for those interested in the recruiting here of a platoon of thirty men for the new Indiana artillery regiment by Byron Cowing. Already about ten or twelve have partially signified their intention of joining although none has been sworn in or will be until in December. A similar meeting will be held next week to encourage enlistment in the platoon.

FATIGUE NEARLY OVER- COMES WOMAN

"Bringing up several children in the right way and cares of home brought me to the verge of nervous prostration," says a well known woman. "Fearing that I might become ill and have to give up housework and the care of my little ones, created a nightmare that was ever before me. I happened to mention my affliction to one of my neighbors and she advised me to procure some Phosphated Iron. A day or two later when I was feeling unusually miserable I sent my daughter to the drug store for a box of capsules and after ten days' treatment I felt like a different person altogether. I sleep well at night, something I hadn't done in months before; my appetite is good and in fact what formerly seemed like mountains of work in my home is now more like play. An aunt of mine living over East has been taking Phosphated Iron with equally gratifying results."

Phosphated Iron is put up in capsules only. In this locality it can be obtained at PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

Marriage Licenses
Issued 50 Years Ago

A marriage license was issued fifty years ago to Anna Yost and John Stanley and they were married on November 15 following, by W. L. Young, justice of peace.

But the fact still remains that the German high command with its undisputed powers, has been and remains able to dispose of its troops, to concentrate its material, and to plan and execute "drives" in smashing force whenever and wherever the existing military or political situation called for such a course. And in most instances its plans have been carried. The Marne, Verdun, Ypres failed. But on the Masurian marshes, in Roumania, in Serbia, and along the Isonzo, the plans met with success.

In each of these instances of German aggressive attack there was ample warning. The Russians, the Roumanians, the Serbs and the Italians told their allies of the danger and cried for aid. In no case was aid forthcoming in season to be of benefit—and the united and co-ordinated Teutonic forces went thru' with their programme.

The conference of the Allies should provide against a repetition of these disasters. If the English and French members of the conference are unable or unwilling to concur in plans of this sort, it is within the powers of the United States to settle the question. If England continues unable or unwilling to anticipate German activity by reinforcing the Italian or any other front where reinforcements is imperative, it will be the duty of the United States to employ its forces of men, money and material for this purpose. A declaration of this sort, made early in the course of the proceedings at the Paris conference, will lay the basis for an agreement of complete unity of action among the Allies; and the spokesman for the United States will be justified in making it.

The fact that one of the three soldiers killed in the recent trench raid by a German patrol in France is calculated to cool the ardor of American preparation for war. The United States trooper was overwhelmed by the boches, backed up against a trench wall and a knife drawn across his neck. The wound was inflicted with a trench knife, a deadly tool carried by fighting men for hand-to-hand conflicts, dispatches say.

Dr. H. W. Wilet says it is easy to go without food for twenty-four hours. We hope the statement has none of the elements of a prophecy.

The Mayor of Reno, Nev., has been drafted. However, this will probably have no effect on the future operations of the divorce mill.

The coal operators should worry. The government is merely making it warm for them in the hope that they may pass a little of the warmth to their customers.

Well, anyhow, there won't be any necessity for spudless days for some time to come.

CONSERVATION OF CONDITIONS ARE BACON IS URGED MENACING IN ITALY

Simple Breakfast Must Not Include Bacon or Wheat Flour, Says Barnard.

SERVE MORE AND WASTE LESS

Perishable Foods Must Be Eaten Here and Staple Goods Sent to Our Allies.

(By United Press.)

Indianapolis, Ind., Nov. 8.—Dr. H. E. Barnard, state food commissioner, today requested that in addition to cutting out the wheat cereals and eggs, bacon should be eaten less frequently. Locally produced vegetables and corn meal should be substituted, he said. His statement follows:

"The simple breakfast in an American household is not so simple as it sounds. In Europe breakfast means coffee and rolls. To us it means breakfast food, bacon, eggs and rolls. On our desire to help Mr. Hoover we are cutting out the breakfast food and the eggs and the simplified breakfast is bacon, rolls and coffee. But such a breakfast does not satisfy the food administration and the housekeeper in dismay is asking what can be simpler than such a breakfast. The answer is serve more, and waste less. Bacon and wheat flour are two of the foods we are being asked to use carefully. A simple breakfast of bacon and rolls means that we are eating two of the staples which in concentrated form can be shipped to Europe instead of perishable foods which can be used only at home.

"To get the simple breakfast in line with Americanism and true food conservation, replace the rolls made from wheat flour with corn meal muffins. Cut the bacon to two rashers apiece and add a generous amount of some locally produced perishables—fried potatoes, apples or hominy grits. And such a meal is cheaper better balanced and less wasteful than the simple breakfast which in our carelessness we have thought was economical and sufficient."

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Not a Single Fire Will be Lighted in a Hotel or Private Home This Winter

ACUTE SHORTAGE OF CEREALS

No Lunch Can Contain Over Two Dishes. Restaurants Open One Hour Per Day

By GEORGE MARTIN
(U. P. Staff Correspondent.)

Washington, Nov. 9.—Confidential advices from Italy to the American government today painted a picture of a cold and hungry populace which officials consider menacing.

It is a matter of common knowledge among Washington newspaper men that conditions in the Empire of the ancient Romans are worse than the public has been permitted to know.

There is practically no coal for private consumption. It is said that not a single fire will be lighted this winter in any hotel or private home in Italy. Pine cones and old newspapers burned in iron buckets give all the heat the public at large gets.

The army is hard hit too. Owing to lack of coal Italy has been compelled to quit the making of cannons. She gets her artillery supply from Great Britain. Other manufactures have no coal at all.

Italy's pre-war coal imports were 850,000 tons. Her present war minimum is 1,100,000 tons. She has had to reduce that to 690,000 tons, and even of this she has been able to get only about 66 per cent. Her reserve supplies have been entirely exhausted.

Drastic food control has failed to solve Italy's food shortage troubles. Prices are fixed, every person is rationed, food products are directly controlled by the government.

Sugar is so short that there is no such thing as cake in the entire nation. In Rome, Genoa, Naples and Florence they have what they call cake. It is really bread with a large proportion of rice flour. Using sugar in cooking is a crime punishable by heavy fine. They have tried to use saccharine, but it is a coal-tar product and very unhealthy.

Except at rare intervals, eggs are given to no one but invalids and nursing mothers. There are two meatless days a week. Even on the five meat days, meat fit to eat is hard to get. There is no such thing as veal. It is a crime to kill calves or sheep. Chickens are a rare treat.

Restaurants and cafes may keep open only a few stipulated hours a day. Some days a very short time. Salted fish has come into general use.

There is an acute shortage of all cereals. Corn cannot be fed to hogs under the law. As this order practically wiped out the hog-raising industry in the provinces of Modena, Parma Reggio, Emilia, Ferrara and Ravenna, the hogs were ordered slaughtered by thousands. This has made the shortage of hog meat and fats acute.

The shortage of beef, milk, butter and cheese is keenly felt. Short imports led to the slaughter of one-fourth of Italy's herds, which has accentuated the crisis in beef, milk and cheese.

Olive oil is used for cooking almost exclusively. All bread is a very dark, heavy war bread. Some of it tastes fairly good, some doesn't. Black bread, soaked in olive oil, is a much used though despised dish.

This shortage has brought an embargo on food exports and practically wiped out the big exporter's business in rice, macaroni, cheese and other milk products, fresh and dried fruits, oil, chestnuts, vegetables, forage and fish preserved in oil.

Meals in public places are rigidly regulated. The serving of butter or cream, or dishes garnished with eggs, is unlawful. No lunch of whatever price can contain more than two dishes, no meal a la carte can contain more than three. Railway restaurants may open only one hour before the departure of the first train and remain open only one hour after the departure of the last train.

Miss Ellendore Lampton is entertaining with a beautifully appointed breakfast, Saturday morning, honoring Miss June Lines, a bride-elect, whose marriage to Claude Spillman will take place November 21. A color scheme of pink and white will be carried out to the last detail in the decorations and appointments of the breakfast. Tiny pink cupids will be suspended from the ceiling over the table. The dainty hand-painted place cards will mark the places for eight guests. A large french basket of pink chrysanthemums will center the table and pink and white ribbons will extend to the plates. Pink candles, hooded with pink shades will shed a soft light over the pretty table, where covers will be laid for the Misses June Lines, Lula Harcourt, Clara Archey, Emily Morgan, Mable Morris, Aileen Murr, Freda Morgan and Ellendore Lampton. The breakfast will be served in three delicious courses, the first course will be served in miniature orange baskets, the handles of which will be entwined with smilax.

A crowd of friends went to the home of Mrs. James Henry near Occident last evening and surprised her, complimentary to her birthday. The guests enjoyed an oyster stew and then spent a social evening. The guests were: Mr. and Mrs. Otto Hendricks, Mr. and Mrs. Walter Hendricks and family, Mr. and Mrs. Charles Lewark and family, Mr. and Mrs. John Lewark and family, Mr. and Mrs. Louis Hendricks, Mr. and Mrs. Howard Steel, Mr. and Mrs. Frank Sample and family and the Misses Rena Mahan and Bertha Ward, William Barnard and Dewey Lewark of Fortville and Thomas Black. Mrs. Henry received several beautiful presents.

A number of out-of-town guests are arriving for the reception to be given this evening by Mr. and Mrs. B. F. Miller honoring their son and his bride, Mr. and Mrs. Eugene Car-

lyle Miller of Indianapolis. Among the out-of-town guests are Mr. and Mrs. Otto M. Frenzel, Mr. and Mrs. Cline, Capt. and Mrs. Munford. Capt. Munford being of the Lilly Hospital Unit, Mr. and Mrs. Sweeney, Dr. Oliver, Romney Wilson, Dr. Leslie Maxwell of the Lilly Hospital Unit, Mr. and Mrs. Caleb Denney, Mr. and Mrs. George Denny, Mr. and Mrs. Albert D. Smith and Mr. and Mrs. St. Clair Parry, all of Indianapolis.

Mr. and Mrs. Albert Winship entertained a number of friends last evening at their home in North Main street at a prettily appointed dinner party. An elegant turkey dinner was served to the guests present who were, Mr. and Mrs. Willard Amos and Miss Mary Amos, Mr. and Mrs. Austen Frazee, Mr. and Mrs. O. M. Harton, Mr. and Mrs. Will Harton, Mr. and Mrs. Alvan Moor, Mr. and Mrs. Albert Denning, Mr. and Mrs. J. V. Young, Mrs. Minnie Abernethy and Mr. and Mrs. J. P. Frazee. Senator James E. Watson spent the evening with the guests.

Aside from the regular members of the Thursday Afternoon Bridge club three guests, Mrs. McCormick of Crawfordsville, the house guest of Miss Helen Scudder, Mrs. Ernest Mitchell and Mrs. Fred Arbuckle were entertained by Mrs. Carl Gunning yesterday afternoon at her home in West Tenth street. The hostess served an elegant luncheon. Mrs. Walter Hubbard will entertain the club in two weeks.

The Misses Katherine Guffin and Dorothy Sparks and Hubert Alexander will join Alfred Norris, who is attending Wabash college at Crawfordsville in Indianapolis tomorrow and attend the Wabash-DePauw football game at Washington Park. After the game they will be the guests of honor at a luncheon given by Mr. Bacon of Crawfordsville, at

the Claypool hotel.

A very enjoyable time was spent yesterday afternoon at the home of Miss Mary Sleeth when she and Miss Henrietta Coleman entertained at tea for Miss Erema Wilk. The guests had a social time over their knitting and late in the afternoon tea was served. Among the out-of-town guests were Mrs. Alice Smith of Denver, Col., and Mrs. J. C. McCormick of Crawfordsville.

Friends have received announcements of the wedding of Miss Doris Mitchell of New Salem and Clifford Hardwick of this city, which took place in Covington, Ky., October 13. Mr. and Mrs. Hardwick have kept their marriage a secret until last Wednesday. Mr. Hardwick is employed as bookkeeper in the Peoples National Bank. They will make their home in East Second street.

The C. W. B. M. of the Fairview Christian church met with Mrs. Ida Collyer yesterday afternoon at her home in Palmyra. A program was carried out with Miss Eva Hinchman as leader. Mrs. Cora Saxon read a paper on "Mohammed." Light refreshments were served at the close of the meeting.

The members of the Priscilla Art club of Palmyra had a delightful all day meeting yesterday at the home of Mrs. Sherman Hill near Lewisville. At noon the guests enjoyed a pitch-in dinner and in the afternoon they sewed for the Red Cross. In two weeks, Miss Bessie Knott is will be hostess to the club.

Mrs. Alice Hale of Carthage has announced the engagement of her daughter, Miss Helen to Roy M. Small. The wedding will take place Wednesday November 21. Miss Hale is well known in this city having lived here for a few years.

Mrs. J. F. Miller entertained with an informal party last evening at her home in Milroy honoring Miss Mildred Vandeman. About fifteen young people enjoyed the evening over games and splendid refreshments were served.

Mrs. Arthur Trennepohl was the honored guest yesterday afternoon when about twelve of her neighbors surprised her at her home in West First street. The hostess served dainty refreshments late in the afternoon.

Dr. and Mrs. C. L. Smullen and Mrs. Mariah Smullen of Raleigh went to Connersville last evening, where they were the guests of honor at a dinner party and theater party given by Mrs. Morris.

The regular meeting of Coterie club will be held with Mrs. D. D. VanOsdel, Monday afternoon at her home in West Third street. Mrs. Howard Barrett will be the assistant hostess.

Mrs. Frank Wilson will be the hostess to the members of the Monday 500 club at her home in North Main street, Monday afternoon.

Bluffton — Bluffton had a profitable street fair this year, reports of the auditing committee showing \$1,400 remaining in the treasury and all expenses paid.

Hurrah! How's This

Cincinnati authority says corn dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called frezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus. You simply apply a few drops of frezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to fasten up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

WEDDING SHOWS NATION'S UNION

American Bride is Raising The Lorraine Village, Vitrimont From Ruins

IS CITIZEN OF FRANCE NOW
General Petain Comes to Extend His Good Wishes to Madame La Generale

(By United Press.)

Paris, Oct. 15 (By Mail)—In a humble village of Lorraine now being resurrected among the devastations and ruins of war, a wedding has been celebrated which eloquently symbolizes the alliance between France and America. The bride was Miss Polek, the godmother of the village, Vitrimont. The bridegroom was a French general.

A few months ago, when Vitrimont was still a heap of ruins, the papers announced that a wealthy American woman had adopted the village and was to rebuild it at her own expense. It sounded to many like a good newspaper story, for it seemed rather a tall order for one person, even though she was an American.

But the "godmother of Vitrimont" has proved that she does not promise more than she can keep, for house by house, street by street, Vitrimont is rising from its ruins. And those who loved the old homesteads have the joy of seeing them resuscitated as nearly as possible like what they were before, with a few modern improvement here and there, so the villagers have been calling down blessings on their fairy-god-mother from over the seas.

And it seems to them only right and natural that one of their brave generals should have turned up, like Prince Charming, to offer his hand and heart to their benefactress and thereby turn her into a citizeness of France. And it was just like her to want to have the ceremony take place in Vitrimont, which was thereby given an occasion of giving vent to its gratitude for its rebirth.

And as a final touch to the memorable ceremony, General Petain himself motored over to offer his good wishes to his comrade-in-arms and "Madama la Generale."

Red Cross Notes

All of those who can have their knitting work finished by November 15 are asked to hand it in to the headquarters by that time as a shipment will be made then, sending the supplies to the warehouse at New York on their way to France. Articles shipped by that time will reach the soldiers by Christmas.

The interest in knitting is increasing. More people are calling at the headquarters every day for yarn and instructions to aid in the knitting for the soldiers.

The Arlington auxiliary sent in a large supply of hospital garments this week.

Material for hospital garments and yarn for knitting were sent to Orange township this week to be made up. Some of the work is done there by the pupils in the schools.

Mr. Trabue will attend a conference of county fuel administrators at the federal building in Indianapolis next Tuesday afternoon at one o'clock and topics of mutual interest will be discussed.

Noblesville—When Wm. Fulton went to feed his horse, he found that "old Dobbin" had helped himself and was feeding contentedly in the hay mow. The animal had climbed a narrow stairway twenty five feet long to reach the loft. It took a block and tackle to let him down to the lower floor.

Saturday Exceptional Values in BLANKETS

An opportunity to solve your winter blanket requirements at a big reduction representing merit and economy.

For Saturday we have procured 100 pair of cotton blankets which will be sold at a price that will interest all of our patrons. It is impossible for us to buy another pair of these blankets as they are absolutely off the market. These blankets are soft and fluffy, full double bed size, double strength with short nap.

There is no waste to these blankets, no shoddy, felted finish, and manufactured of fine quality American cotton. These come in gray, tan and white with attractive color borders.

PUBLIC SALE

I, the undersigned, having rented my farm, have decided to move to Indianapolis, will make an entire closing out sale of all personal property at my residence, six mile southeast of Rushville, two miles west of Orange, four miles southwest of Glenwood, on what is known as the old Gregg Homestead, on

TUESDAY, NOV. 20th, 1917
BEGINNING AT 10:00 A. M. SHARP

4 HEAD OF HORSES—One gray mare seven years old, sired by Lawrence Direct, dam, the dam of Debo Hal 2:12 1/4, been a mile in 2:30, good family mare, work any place you hitch her. One smooth mouth made by Mulatto, good user. Two coming two-year-old colts out of the above named mares. Good prospects.

6 HEAD OF CATTLE—One extra high class milk cow, half jersey and half Holstein. When on full milk will give as much as any cow in Rush county. One full blooded Jersey cow, giving from 3 to 4 gallons of milk a day, milk tests 8%. One Holstein and Shorthorn cow with calf at side, giving four gallons of milk per day, good quality. 1 Jersey and Shorthorn heifer, fresh giving good flow of milk. 1 four-months-old full blooded Jersey heifer. The above named four cows I regard as a whole as good as any four that will be sold in any one sale this fall. Just as good or better than described.

18 HEAD OF HOGS—4 head of brood sows; 3 shoats and 10 head of summer pigs, weaned; 1 boar ten months old, eligible to register. All the above named hogs are pure bred mule foot, the kind that defy cholera.

150 HEAD OF PURE BRED WHITE WYANDOTTS—200 egg strain. We think as high class a bunch of Wyandotts as was ever grown in Rush county. To be sold in lots to suit purchaser.

HAY AND GRAIN—8 tons of good mixed hay in the mow. 135 shocks of fodder with corn on same, to be sold by the shock.

8 TONS SOFT COAL. 1 SHARE STOCK IN ORANGE TELEPHONE CO.

LITTLE COMFORT IN THE RETURNS

Democrats Finds Result of Elections are Not Calculated to Help 1918 Campaign

CONTROL ONLY ONE BIG CITY

Indianapolis, Terre Haute, Fort Wayne, South Bend and Gary Are All Republican

Indianapolis, Ind., Nov. 9.—Second glances at the recent Indiana municipal elections bring home to the political observer the fact that the Democratic party was given a reverse by the voters from the State from which it will take years for the party organization to recover. At this time the state of mind of Democratic state leaders must be something akin to that of Hindenburg and the German Kaiser after having felt for a month the effect of Haig's steam roller in its drive through Flanders.

Before the recent election the Democratic party controlled four of the six first and second class cities in the state—Indianapolis, Evansville, Terre Haute, Fort Wayne—and the Republican party controlled but two—Gary and South Bend. As a result of the recent election the Republican party, after January 1st next, will control five or six first and second class cities—Indianapolis, Terre Haute, Fort Wayne, South Bend and Gary leaving but one of these cities—Evansville—

moored to its old anchor.

This fact, as discouraging and disorganizing as it is, is not the one, however, that is causing the greatest gloom in the camp of those Democrats who have been waiting for the city and town elections to give them some hope and encouragement to enter the state contest next year. The one big thing that is worrying these patriots almost to distraction is the miserable Democratic showing made in Indianapolis—the largest city in the state. Here in the state capital Democracy ran a poor third, not being able to instill enough spirit into its demoralized organization to prevent it from being shown up by a party "running wild." Democratic leaders were compelled to stand by and see their party organization shot to pieces from one end of the capital to the other. In the language of Judge Ross, chairman of the battered remnant of the Democratic party in Indianapolis, "there is nothing of comfort in this for us." The word that went out from the Democracy of the state capital to the Democracy of the state was not one calculated to start off the 1918 campaign with the usual brilliant visions of success at the polls next November.

It would be extremely difficult to find an Indiana Democrat who even cares to analyze the recent results in the various parts of the state. Apparently, they do not care to be reminded of the fact that Terre Haute slipped out of the clutches of the Democratic party, that Fort Wayne registered a landslide for the Republican ticket, that Crawfordsville elected its first Republican ticket in 20 years, that Columbus turned to the Republican party like Maine did in the time of Governor

Kent; that Sullivan in a county as Democratic as Texas elected a Republican mayor; that Greencastle, Columbia City, Tom Marshall's home town, Lebanon, Greenfield, Delphi, Rochester, Princeton and other towns and cities that have always been as regular as an eight day clock in their support of the Democratic party reversed the order of things this year and found themselves after the polls had closed in the Republican lineup. They also do not particularly care to contemplate the fact that such important centers as Jeffersonville, New Albany, Logansport, Marion, Richmond, Brazil, Bloomington, Washington, Bedford and Mishawaka all returned very comforting pluralities for the Republican ticket.

In order that the public may not dwell too long on the awful wallow that the voters of the state handed the Democratic party there does not even seem to be any disposition among Democratic politicians to call attention to the very few reverses that the Republican party suffered at the recent elections. Vincennes, Lafayette and Laporte seem to be the only cities that have been controlled by the Republicans during the past few years that switched to Democracy. But, according to jubilant Republicans, there is no call to make the state unanimously Republican, as there would be no joy to live in Indiana if sharp, political contests should become but a memory in the state.

Taken all in all, last Tuesday was a great day for the Republican party in Indiana.

RAISING MILLION FOR BASE HOSPITAL

Elks of United States Will Give Two Dollars Each Toward This Fund

APPROPRIATION OF \$60,000

Will be Used to Purchase Equipment of Red Cross Base Hospital Being Organized

(By United Press.)

Washington, Nov. 7.—Each of the 500,000 Elks of the country is giving \$2 toward a \$1,000,000 fund for base hospitals back of the American lines in France. A special commission of the lodge has authorized the assessment.

A \$60,000 appropriation has been made by the Elks' War Relief Commission to purchase equipment for the Red Cross Base Hospital, which is being organized in connection with the University of Virginia.

Each base hospital has a staff of at least 26 physicians, two dentists, and 65 Red Cross nurses. A number of Red Cross base hospitals have been organized, which have not as yet raised sufficient funds for the purchase of necessary equipment. Among these are the base hospitals at San Francisco, Portland, Richmond, Atlanta, Baltimore, Charlottesville, Lexington, Brooklyn. This equipment costs \$60,000.

The movement to raise \$1,000,000 was decided upon by the Elks following a meeting of the Grand Lodge at Boston in July, when a

commission was appointed to decide upon some patriotic war service.

The administration of this fund, which is now being raised, has been delegated to the Elks' War Relief Commission, which decided upon the plan of co-operation with the Red Cross.

Gary—Construction of a branch of the International Airship Company will begin at once in this city, according to an announcement of the Gary office. The factory will be capable of producing five hundred airplanes a year.

AMERICAN FOOD SENT TO PRISONERS

Central Powers Are Not Providing Sufficiently For Prisoners of War.

RED CROSS AIDS SERBIA

Government Arranges Special Routing So Provisions Will Reach There Safely.

By GEORGE MARTIN.

Washington, Nov. 9.—Enormous quantities of American food are on the way today to the Kaiser's country.

The American government knows about it. Is, in fact, glad of it. Did, in fact, permit it to be sent and went to considerable trouble to arrange a routing so it would be sure to get there.

The shipment now enroute, which will be followed by others to the value of at least \$500,000, is 5,000 sacks of perfectly good American flour. Other food stuffs and clothing will be sent on to German territory just as fast as the American government can get it there.

The food and clothing, however, is NOT going to German subjects, but to Serbian prisoners of war in Austrian prison camps. Concerning the shipments, the American Red Cross said today:

"As part of the Red Cross program for aid to Serbia, which has been undertaken in cooperation with Serbian government, the Red Cross has just shipped 5,000 bags of flour to Serbians in Austrian prison camps.

"This is the first shipment of a series of food purchases which the Red Cross, in co-operation with the Serbian government, is making in this country for relief of prisoners. The Serbian Minister has deposited \$500,000 to the credit of the Red Cross for the purchase of these foodstuffs.

WHITCOMB RILEY HONORED

Lovers of Indiana Poet Raise Fund for "Riley" Ambulance

(By United Press.)

Indianapolis, Nov. 8.—Hoosier Riley lovers have honored their poet by raising a fund of \$2,000 for maintaining an ambulance on the Italian front. The ambulance will bear the name of James Whitcomb Riley.

A large majority of the contributors to the fund were children, many giving their entire savings of pennies toward the fund. The last \$5 of the amount was contributed by Elizabeth and Edmund H. Eitel, Riley's niece and nephew.

ANNUAL MEETING OF CHIROPRACTORS

Saturday Morning Program Given Over to Reports and Election of Officers

WILL CONTINUE TWO DAYS

(By United Press.)

Indianapolis, Ind., Nov. 9.—An all business program will be observed at the annual meeting of the Indiana Chiropractors association here tomorrow and Sunday. The annual banquet has been eliminated by the committee.

Reports and nomination of officers will occupy the Saturday morning program.

The afternoon program will be devoted to a discussion of publicity plans for the further education of the public. The speakers on this program include McLeod M. Banks, Marion; J. P. Young, Huntington; W. A. Thompson, Marion; J. H. Denlinger, Elkhart; R. L. Jenne, Indianapolis.

On Sunday there will be a clinic at which patients will be handled by B. J. Palmer, son of the discoverer of the chiropractic method.

Thomas Morris, La Crosse, Wis., attorney for the national organization; Ed. V. Fitzpatrick, attorney for the Indiana association; S. D. Gherking, of the Universal Chiropractic College, Davenport, Ia.; Dan Bryan, vice-president of the national organization, Newark, N. J., and Mrs. B. J. Palmer are on the program for talks Saturday night and Sunday.

ENGLAND ABANDONS TAXI WHISTLING

Home Secretaries Has Put a Ban on the Porters and They Will go to War

BAD ON HOSPITAL PATIENTS

(By United Press.)

London, Oct. 11. (By Mail)—With one stroke of his pen the Home Secretary has abolished a public nuisance and released a lot of husky men for war work. He has prohibited whistling for taxicabs. In London one doesn't telephone for a taxicab. You pick them up as they pass. So the practice of whistling for them grew up. Every hotel and many private residences kept a whistle. The hotels also kept porters with good lungs for practically the sole purpose of blowing the whistle. The result was that all day and most of the night it was impossible to get out of the range of the whistle blasts.

But it finally was concluded—after three years of agitation—that the whistling wasn't particularly good for hospital patients and convalescents. The strong-lunged porters will have to go to work.

It was evening on the broad Hempstead Plain, Long Island, where the Rainbow division was spending its last night before embarking for France. It had been raining hard in the afternoon—a cold, steady autumn downpour—and there was nothing to suggest the rainbow in the outward aspect of the camp. Lines and lines of sodden canvas housed 27,000 men, gathered from 27 different states. The ground was dotted with pools and quagmires. Under the wet canvas it was damp and cold, with a penetrating chill. Lit by flickering candles, the tents were far from cheerful shelter for a man's last night in his native land.

But there were seven big tents where electric lights, numbers and friendliness made the night pleasant.

least is on its way to you. Each one of our 16 cantonments, where the new national army is being trained, is using more than a million sheets of this paper every month. In the draft army alone that means 16,000,000 filaments of love every month reaching out from the great encampment where the men are being trained into the greatest army this nation has ever dreamed and binding them to the hearts at home. Multiply that by thinking of all the other places where Uncle Sam has men with the flag—in navy yards, on the high seas, in arsenals and officers' training camps and "Over There" in France. In all these places men are writing home. Those unassuming little sheets of notepaper gladden millions of hearts a day. They transfer more love from one

Music, Games, Good Reading and Correspondence Facilities in Y. M. C. A. Building.

In each of these a soldier was strumming on a piano; others were reading books and magazines; hundreds were writing letters home. Behind the raised counter at one end three or four young men were busy passing out notepaper and envelopes, selling stamps and weighing parcels, which the men were sending home. One of the soldiers said to me as I stood in the tent used chiefly by men from Iowa: "We came all the way here from Des Moines, and we were mighty lonely. Then we found this Y. M. C. A. on the job, and it's been a home and more than a home to us. It gave us what we wanted when we needed it most. We'll never forget it. The boys' best friend is the Y. M. C. A."

Fine, Clean-Cut, Upstanding Fellows. How close those benches were packed with men, bending over the long tables absorbed in their writing! What an appeal to the sympathies those great groups of soldiers make! Fine, clean-cut, upstanding fellows, some of them mere boys, one thinks immediately of the sacrifice they have made for the rest of us and how precious they are to some one back home. Somewhere, in far off farm or village or city street, there are parents or brothers or wives who would give all they possess for one glimpse of those unburned faces as you and I see them on their last night before going across. And it was with a throb of the heart that I watched them, bent over their letter paper, in one after another of those seven big tents.

These were the tents of the Y. M. C. A. On that last night in America the association was serving the soldiers in the best of all ways—giving them an opportunity to write home. On previous nights they had enjoyed boxing bouts, movies, concerts, dramatics and a score of healthy entertainments as well as religious meetings. But on this last night home ties were strongest. And perhaps that is the keynote of the splendid work the Y. M. C. A. is doing among our men in uniform—keeping them in touch with home.

Magic Words, "With the Colors."

In these times there are some letters that mean more to us than any we have ever read before. They are written on sheets of paper stamped with the Stars and Stripes and the red triangle of the Y. M. C. A., and they bear the magic words, "With the Colors." There are many more than a million such letters in the mails now while you read this. Perhaps you are

part of the world to another than statistics can express. Statistics are pretty poor anyway when it comes to reckoning in terms of love and human tenderness. Let's put it this way: That the Y. M. C. A. is the biggest express company the world has ever seen, and the parcels it is handling are the loves and devotions of human beings.

World's Best Loved Trademark

This war has made us think hard and fast. Your boy or your neighbor's boy or some boy you know and love has been called to do his share in the big job of policing the world for democracy and human liberty. Is it any comfort to you to know that wherever his duty may call him your boy will have a friend that will serve him in body, mind and soul? Are you glad to know that this friend will place books and magazines at his disposal, organize classes to teach him whatever he wants to learn, give him a pocket testament and invite him to join religious meetings of the faith that he was brought up in? Did you realize that the association provides athletic equipment for his favorite games, teaches him games if he knows none and holds concerts, lectures, movies, Bible classes, dramatic entertainments and every kind of wholesome amusement to keep him interested? Are you glad to know that this friend will go with him overseas, help to shield him from a score of difficult and dangerous temptations and follow him right up to the front line trench and beyond it? The last contact the soldier has with this life he loves so well is a cup of tea given him by the Y. M. C. A. free just before he goes "over the top" to a hand to hand struggle with the enemy. And as he comes tottering back from No Man's Land, wounded, but strong enough and plucky enough to keep on his feet, even before his wounds are dressed the Y. M. C. A. is waiting for him with tea and sweet chocolate, the great comforts of the man in the trenches. Do you wonder that the Red Triangle is called "the best loved trademark in the world?" One soldier in France has called it "the last evidence that anybody cares."

If every thinking citizen could see with his or her own eyes something of the actual work being done for our men by the association there would be no question of the Y. M. C. A. having to appeal to the public for money. Rather than let this essential work suffer for an instant rich man would add their mite, poor man would

forego coveted possessions or even necessities. The work must go on, because there is no one thing that contributes so much to the spirit and efficiency of the troops. The Y. M. C. A. is working night and day to help the government win this war. And every penny that is given to aid the work is a direct assistance to the health, happiness and strength of your boy and mine.

Snapshots of Kaleidoscopic Work

In all the big cities in France where our men pass through in large numbers, the Y. M. C. A. is operating hostels, where they can get beds and meals at a minimum cost. In London the American Y. M. C. A. has erected a large building for our soldiers and a clubhouse for American officers.

There are Y. M. C. A. dugouts right behind the front line trenches, where the soldiers can get hot drinks, crackers and other comforts at all hours.

Over 2,000 men who had been rejected on account of physical disability have been able to get into the British army by reason of the physical work of the British Y. M. C. A.

A fleet of motor cars leaves the big Y. M. C. A. headquarters in London at midnight every night to pick up soldiers who are wandering about the streets without any wholesome lodging in which to spend the night. These cars are operated by Englishwomen of position and refinement, who report that they never meet any discourtesy at the hands of the soldiers. The importance of this service can be estimated by the fact that at least 50,000 soldiers are on leave in London every week. Over half of these sleep in Y. M. C. A. beds every night.

Entertainment of Vast Scale

The Y. M. C. A. has erected a big auditorium, seating 3,000, in each of the big draft camps, and huge chalet-like tents, seating 2,500 in the other encampments. The association is running a 24 week entertainment circuit among the camps and is paying 16 companies of entertainers, who are traveling to 30 camps performing before the men.

In each of the draft camps the Y. M. C. A. has ten secretaries engaged in educational work. The association is seeing to it that every man who cannot speak English is taught to do so. In many of the camps the association has a singing director, who is teaching the men to sing the popular and martial airs that do so much to keep up their spirits.

Of 64 Y. M. C. A. men at Camp Dix only three are being paid full salaries. In all the camps the majority of the Y. M. C. A. men have left lucrative positions to do this work simply because its appeal is irresistible to any red blooded man. Harry Lauder, the famous Scotch singer and comedian, now on his farewell concert tour in the United States, is giving all his spare time to the service of the association and is singing to the soldiers at all the camps he can reach.

In one of the draft camps the Y. M. C. A. is supervising athletics on 120 playing fields, providing full athletic equipment. The winners of the inter-regimental games will play the champions of the other camps.

One of the greatest services rendered by the association is the making

A Red Triangle Dugout in the Trenches.

out of money orders by which the men can send their pay home to their families. In some of the big camps the Y. M. C. A. is providing banking facilities for the men as well.

Do Your Bit With a Tenner

This month (November) the Y. M. C. A. must raise \$35,000,000 to carry on its work among our soldiers and their allies until next July. Of this \$35,000,000 about \$24,000,000 will be spent on the work with our own troops or about \$10 for every man in Uncle Sam's uniform. If everybody who has received letters from soldiers and sailors were to contribute \$10 the task would be easy. Are your boy's health and happiness and clean soul worth \$10 to you?

Your town mayor, your pastor, your school superintendent will know who is the treasurer of the campaign committee in your county or town. Otherwise send a check or money order to Cleveland H. Dodge, treasurer, 124 East Twenty-eighth street, New York City.

Only sacrificial giving by millions of citizens will make possible the continuance of this vast work for American soldiers and for those of our allies.

AGE NO BAR

Everybody in Rushville is Eligible

Old people stooped with suffering, Middle age, courageously fighting, Youth protesting impatiently; Children, unable to explain; All in misery from their kidneys. Perhaps a little backache first. Urinary disorders, dropsy may quickly follow.

Doan's Kidney Pills are for weak kidneys.

Are endorsed by thousands. Here's Rushville testimony.

A. M. Younger, retired farmer, 828 W. Tenth St., says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is apt to have more or less trouble with his kidneys. At times, I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, making me get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug Store, and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

CALUMET BAKING POWDER

is now used in the U. S. Army and Navy. It is the brand used for bakings made on Uncle Sam's big battle-ships—it has been selected for foods for the men on the firing line. No higher tribute could be paid to the high quality and absolute dependability of Calumet. It is the final proof of Calumet's superiority.

It goes to show—and show positively—that the big demand for Calumet is founded on dependability—that the millions of housewives who use Calumet were not mistaken in their choice. The leader with the majority of American housewives—and the selection of critical experts of the military departments. Absolute evidence that it is the best baking powder obtainable.

Why not profit by that proof—and order a can today.

Miss Mildred Meyers, a student at DePaul University, and Miss Gladys Tittsworth, who is attending Purdue University will arrive tomorrow to spend the week-end with their parents.

Mr. and Mrs. Lee Wilson entertained at dinner Sunday, the Rev. and Mrs. J. C. Reynolds and family, Mr. and Mrs. Mont Stewart and Mr. and Mrs. Bert Wilson and family.

Mrs. Walter Norris, Mrs. Bert Norris, Mrs. O. J. Meyers, Miss Anna Kirkpatrick, Mrs. Cliff Stevens, Mrs. John Cassidy and Mrs. Bert Heaton attended the C.W. B. M. rally at the Christian church at Rushville Wednesday.

Mrs. Lola M. Holden visited Mrs. George Guffin and sister in Rushville, Friday of last week.

The Woman's Missionary society held a very interesting meeting at the home of Miss Ida Stevens and Mrs. Mollie Coon, Thursday of last week. The contest with "The Hidden Answers" is being entered into very heartily and incites much interest and enthusiasm. It is requested that captains secure the subscriptions for the Missionary Tidings early, that the same may be turned over to the chairman of that committee, Mrs. Carl Wilson, the first of December. This is an urgent request, as there is to be a change in this magazine the first of the year, also an increase in the price. The fruit shower for the College of Missions is also held open until December.

In and Around Fairview

Mrs. Francis Smelser of Connersville, wife of Dr. Herman Smelser, who is stationed at Camp Taylor, Ky., spent Saturday night and Sunday with Mr. and Mrs. John Smelser.

The children and grandchildren and other relatives of Mrs. Mary Saxon had a home coming and reunion at the home of Mrs. Saxon in Fairview Sunday. The following were present: Mr. and Mrs. F. E. Sutton and family of Bloomington, Mr. and Mrs. Herschel Rhodes, Mr. and Mrs. Alfred Saxon, Mr. and Mrs. A. G. Saxon and family, Mr. and Mrs. Robert Saxon and family, Mr. and Mrs. Guy Wiley and family, Mrs. Emma Saxon, Mr. and Mrs. Walter Cummins and family, Mr. and Mrs. James Lovejoy and family and Albert Anderson. A sumptuous pitch-in dinner was served at noon and a delightful time was enjoyed.

Charles Sweet of Connersville, while on his way to Raleigh met with an accident in front of the Benson store in Fairview Monday. The rear axle of his car broke. He was alone and escaped injury. He called Ed Lewark of Glenwood, who came and pulled him in.

The Fairview township division of the Red Cross chapter of Connersville, met with Mrs. Mary Saxon, Tuesday afternoon at her home in Fairview. The next meeting will be held with Mrs. Ella Benson Tuesday afternoon of next week.

Amusements

The famous film "The Whip" will be shown on Monday and Tuesday of next week.

When the big train wreck, which forms one of the gigantic scenes in "The Whip," was staged in Maryland for this tremendous film drama, a veritable sensation was caused. All the countryfolk in the immediate vicinity of the wreck, who had no idea that the catastrophe was staged just for the movies, came running to the scene. Doctors were called, a hospital in a nearby city was notified and altogether a huge amount of commotion resulted.

The train wreck in "The Whip," by the way is the most costly single scene ever staged for a screen production. The cost was over \$25,000.

Strange nobody has yet suggested a breakfast-free day.

REO

"I Have the Best Car the Reo Folk Ever Built"

HOW OFTEN YOU HEAR that expression from Reo owners!

TALK TO ANY ONE of the persons you know who own Reos, and after he has told you the wonderful tale of service and of low upkeep, he will almost invariably conclude with that phrase.

HE HONESTLY BELIEVES that he has one of the best cars that ever came out of the Reo factory.

SEEMS TO HIM it must be an exception.

IN FACT HE SAYS frequently that he believes his car must have been a "special"—perhaps made for a dealer's demonstrator, and he was just lucky enough to get it.

SEEMS AS IF no other combination of motor and clutch, transmission and rear axle (not to mention steering, starter and other parts) could ever have been gotten together in one automobile!

AND THAT JUST GOES to show the wonderful uniformity of Reo quality.

EVERY REO OWNER thinks his particular Reo is the best—which proves they are all good.

ASK TWENTY in a row—or one hundred—and their stories will correspond so closely you'd think they had learned them by rote.

AS A MATTER OF FACT one Reo is just as good as another. Every Reo is a good automobile. And, we believe, any Reo is just a little bit better than any other automobile you can find at anywhere near the price.

AND THAT IS WHY the demand for Reo automobiles and Motor Trucks is always greater than the supply.

ORDER NOW and you can be sure of a reasonably prompt delivery and you can be absolutely certain that your Reo will be just as good as any Reo ever made.

BUT DON'T DELAY—especially if you have set your heart on a Reo Six. For the demand is tremendous and—present prices are subject to increase without notice.

SIX INDICTED BY THE GRAND JURY

Max Pearsey and Fred Clevenger, Jr., Held in Jail For Assault, Among Number

FOUR OTHERS NOT PUBLIC

Robbery at Horr's Home Investigated But no Indictment Returned it is Said

Six indictments were returned by the grand jury yesterday evening, two of which were against Max Pearsey and Fred Clevenger, Jr., charging them with assault and battery on Jess Levi. They have been in jail several days, having been bound over to the grand jury from Mayor Bebout's court.

The grand jury was still in session today, but was expected to adjourn late this afternoon. No more indictments were anticipated.

The other four indictments are not made public because arrests have not yet been made, but probably will be tomorrow.

The bench warrants were issued this afternoon and the Clevenger and Pearsey boys were taken before the court. Their cases may be disposed of tomorrow, it is said. They are alleged to have assaulted Levi two weeks ago last Sunday night while he was on the way home. Levi filed affidavits against them before Mayor Bebout, charging assault and battery with intent to kill. With the return of the indictments, the affidavits against them in circuit court were dismissed.

The six indictments were returned last night, but the grand jury was in session again today. It was believed that the investigators would adjourn for the term this afternoon and it was not expected that any more indictments would be returned although such a thing was possible.

One of the things under investigation, it is understood, was the theft of \$24.65 from the home of Mrs. Catherine Horr Monday evening. It is also reported that none of the six indictments returned are connected with this particular robbery.

The thief evidently was frightened and the night following the theft stuck an envelope containing a \$20 bill under the door of the Horr home thereby making \$4.65 on the transaction.

It was this act of a guilty conscience which led the police to believe they were on a hot trail and

HAS FIVE REQUESTS FOR COAL SHIPMENTS

County Fuel Administrator Will Order Several Cars Tomorrow Based on Needs Here.

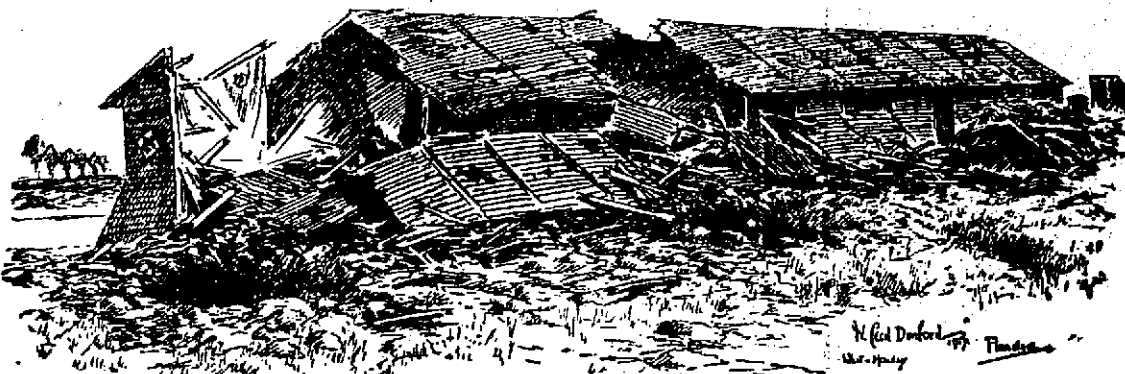

FIRST FOUR CARS EXPECTED

S. L. Tabue, county fuel administrator, has requests for five more cars of coal to be delivered through the federal coal administration. Four cars for the county, two for this city and one each for Palmyra and Carthage, were ordered on Monday of this week and are expected to arrive the first of next week, because it takes about 10 days to get an order through.

The county administrator will send in a requisition for shipments tomorrow and may have requests for more than five cars by that time. The plan announced the first of the week can not be followed yet. It was that on Friday of each week the state fuel administrator would report the number of cars of coal available for Rush county. The county administrator was then expected to allot the amount available among the communities needing the coal worst. Mr. Tabue received

Y. M. C. A. Hut Wrecked By German Shells

A hut near Onderdon, Belgium. One night's work!! (On the part of the Bo-sche.) This hut at Montreal Camp near Renninghelst and Onderdon, Belgium, was completely wrecked on one Sunday night in 1917. The Y. M. C. A. staff who were occupying the extreme end sought shelter in a neighboring ditch and had a miraculous escape from death, one shell pitching into the middle of the hut whilst they were occupying the end. While lying in the ditch, another shell, falling short of the hut, fell exactly eight paces from one of them (the artist after making the drawing paced it.) The hut was damaged beyond repair, and beyond a few sections which could be utilized in another building, was reduced to firewood.

CHURCHES ASKED TO CO-OPERATE

T. M. Green Sends Letters to Ministers Urging Emphasis Be Placed on Y. M. C. A. Campaign

DRIVE FOR FUND ON SUNDAY

Attractive Posters Are Distributed Throughout the County to Advertise Campaign

E. A. Lower, who speaks here Sunday night, will address a mass meeting at Milroy Sunday afternoon at 2:30 o'clock at the school building in the interest of the Y. M. C. A. war fund campaign.

The churches of the city have been asked by T. M. Green, chairman of the Y. M. C. A. campaign, to co-operate in making the week a success by placing emphasis on its importance on the opening day of the campaign Sunday, November 11. The county chairman has written each minister a letter asking that the announcements be made at the morning services and has sent attractive posters to decorate each of the churches.

The opening day of the campaign will be brought to a close with the union meeting at the Christian church in the evening, when E. A. Lower, a Y. M. C. A. secretary from Hattiesburg, Miss. will give a talk. An interesting program is being arranged for the meeting and special music will be provided. Mr. Lower will bring news of the army "Y. M." from a soldiers standpoint.

Very convincing posters have been sent out that will be distributed to advertise the campaign throughout the county. The churches of the county are also promising to give a part of their service to the Y. M. C. A. work on Sunday morning.

Low Lewis, chairman of Walker township, has sent word to Chairman Green that all of the churches of Walker township will bring the cause before the people on Sunday. The committee of canvassers from this township has not yet been appointed, but will be in the near future. Charles Trowbridge of Center township has asked the following men to aid him in raising Center township's allotment: H. C. Atkins, Walter Lord, Herschell Oldham, Elbert Atkins, William Reeves, Ola Apple, and George B. Clark.

BRITISH AND FRENCH ARRIVE

Reinforcements Have Tremendous Effect on Italian Troops.

(By United Press.)

London, Nov. 9.—Arrival of British and French troops has had a tremendous effect on the Italian fighters, according to a dispatch today from Gen. Cadorna's headquarters.

Send Rush County Men In France a Christmas Gift

The following Rush county men are in France serving their country and Rush county people are urged to remember them on Christmas: RAYMOND LEE COLESTOCK, Battery A, 150th Field Artillery, A. E. F. MURRAY R. DAWSON, Company K, 26th Infantry, A. E. F. ELBERT COX, Company K, 18th Infantry, A. E. F. ARTHUR PULLIAM, Company M, 20th Infantry, A. E. F. JERRY O. SOMERVILLE, Motor Truck Company 104, A. E. F. AUBREY VANSICKLE, Company C, 13th Engineers, A. E. F. ROY J. HARRIGAN, Battery C, 6th Field Artillery, A. E. F. TOM SAUNDERS, 74th Co., 6th Regiment, Marine Corps, A. E. F. CLARENCE MYERS, 74th Co., 6th Regiment, Marine Corps, A. E. F. EARL GREGORY, 54th Aero Squadron, A. E. F. FLOYD FRENCH, 91st Aero Squadron, A. E. F. 1st LIEUT. WILLARD H. CRAWFORD, Heavy Artillery School A. E. F. CARL JACKSON, Battery G, 8th Artillery, A. E. F.

The rules of the postoffice department must be observed to the letter if friends sending any of these boys Christmas gifts want them to reach their destination. On account of the tons of gifts which will be handled for the expeditionary forces, parcels MUST BE MAILED BY NOVEMBER 15 in order for them to reach the trenches by Christmas morning.

The Rushville postoffice has a set of rules sent out by the postoffice department at Washington. Unless they are followed in addressing gifts to men of the expedition in France, the parcels will be returned to the senders for the proper address. The sender should write the return address on the same side of the parcel with the address of the soldier to whom it is sent.

Gifts intended for the trenches are divided into two classes—those which weigh seven pounds or less and those which weigh more than seven pounds and no more than twenty, which is the largest parcel which may be sent abroad.

Parcels in the first class—those weighing seven pounds and less—are transmitted to their destination by the mail service and parcels in the second class—those weighing more than seven pounds and up to and including twenty pounds—are dispatched to New York by mail service and from that point to the destination are handled by the United States war department. Therefore, parcels weighing seven pounds or less should be addressed as follows:

Return to
Mrs. John Smith
—Bank Street
New York City

Stamp

JOHN SMITH, JR.,

Co. X, — Infantry,

American Expeditionary Forces.

Parcels weighing more than 7 pounds and up to 20 pounds should be addressed:

Name of Soldier,

Unit to which he belongs,

Care of Commanding Gen'l, Port of Embarkation, Pier 1, Hoboken, N. J.

Patrons are instructed under no circumstances to attempt to designate on the address, the location of the military unit.

Parcels weighing more than seven pounds can not be transmitted to the trenches by mail because of the agreement between the French railroads and the French government which restricts the weight of parcel post packages carried by them to seven pounds.

Because of this limitation, the United States war department consented to handle from New York all parcel post packages destined to the American expeditionary forces up to and including twenty pounds in weight.

In addition to the address as outlined above for parcels of this class, they should be marked "Christmas Box." All such parcel post matter must conform to the postal regulations and in addition must be inclosed in wooden boxes, the boxes to measure not to exceed two cubic feet in volume, to be well strapped and to have a hinged or screwed top to facilitate opening and inspecting. No perishable food products other than those inclosed in cans or glass jars should be packed in such shipments.

The rate of postage on all parcel post matter intended for men in the expeditionary forces weighing over or under seven pounds, is twelve cents a pound.

HAS CONSENT THIS TIME TO DEAL HARSHLY WITH DISLOYALTY

Carl Schmidt, Anderson Boy Sent Home Last Week, Goes to Camp.

Carl Schmidt, fifteen-year-old Anderson high school boy, who was returned to his parents, Mr. and Mrs. John Schmidt Wednesday of last week, after the boy admitted he had run away and had walked to this city, spent last night here while on the way to Camp Taylor, Ky. He told the police he had the consent of his parents this time. The police say the boy is evidently attracted by soldiers and wants to be around them. He said when he was here before he was going to Camp Taylor. He expects to find employment there.

State Council of Defense Urges Local Committee on Protection to Report Cases

BULLETIN TO COUNTY COUNCIL

Specific Instances Cited Where Efforts Are Made to Prevent Patriotic Work

A. L. Gary, chairman of the County Council of Defense, today addressed letters to the committee on protection of council calling attention to a request of the State Council of Defense to locate definitely "all instances of disloyalty, all direct or indirect propaganda of discouragement, or actual hostility to any war measure, and to get this information" to the office of the state council as quickly as possible.

The bulletin received this morning by Mr. Gary states that it is absolutely necessary in every county where it has not already been done, that there be designated a committee on protection. It so happens that such a committee was appointed here soon after the council was organized and has been actively engaged in watching for cases of disloyalty. The names of the members of the committee are not made public.

"We have a great many specific instances in counties where efforts have been made," says the bulletin. "to prevent the signing of the Hoover cards; to prevent the registration of women; to prevent attendance at meetings; to prevent evidence of patriotism in school children; to encourage celebration of German victories, etc. These are all acts of treason and will be treated as such."

"We actually have had instances where men are going about impersonating government officials and taking canned fruit from cellars. If these men can be detained until the arrival of a United States marshal, they will be summarily dealt with."

"We are taking steps here to handle all such matters. If a committee has been appointed for the purpose of protection in every county, let that committee get busy at once and carefully look out for any actions and report the same promptly to this office. The government has detailed a special representative here to work with the State Council of Defense in handling of these matters."

TO REPORT FOR DUTY IN FRANCE ON MONDAY

Harvey Allen Leaves in Morning For Washington to Serve as Mail Clerk Abroad

CLERK HERE FOR 18 YEARS

Harvey Allen, who has been called by the government to serve in the postal service in France, leaves tomorrow morning at 5:58 for Cincinnati from where he will go to Washington, D. C., reaching there Sunday afternoon. On Monday, he is to report to the postal department at the capital and get his passports after which he will leave for New York. He does not know from what port he will sail or in what part of France he will be located. His work will be in the postoffices established for the American soldiers.

The summons to go abroad in the United States service comes as an honor to Mr. Allen for out of this country only 150 men were called for this work. His going is not compulsory, but with an increase in salary, the position is a big promotion, from the government and is in recognition of the efficient service he has given for the past eighteen years in the local postoffice.

KERENSKY SAID TO BE UNDER ARREST

Russian Premier is Reported in Stockholm Messages to Have Been Detained

THE DETAILS ARE LACKING

Fear is Expressed Revolutionists Will Open Way to Petrograd For German Troops

KERENSKY ARRESTED

(By United Press.)

Stockholm, Nov. 9.—Arrest of the Russian Premier Kerensky, was reported in messages received today. No details were given as to how the revolutionists succeeded.

(By United Press.)

Chicago, Nov. 9.—The new developments in Russia are evoking the sympathy of the Japanese government and the Japanese people for the Russian provisional government, according to a prominent Japanese official here today.

"As a representative of the people and the government of Japan, I sympathize heartily with the Russian provisional government," said the official. "I hope as my people hope that they will soon come down to a settled state and make themselves a factor in the war once more."

(By United Press.)

London, Nov. 9.—Russia is back again where she started last March. The provisional government still has the support of the remainder of Russia outside of Petrograd. Lenin, Trotsky and his fellow fanatics have extended their campaign beyond Petrograd in an attempt to sway Russia's great peasant population.

The fear is felt here that in pursuance of the scheme of restoring peace or possibly in pursuance of plans of German officials, the revolutionists would open the way to Petrograd to a German fleet and German troops.

It was regarded here as practically certain that radical leaders engineered their troops with Germany's direct aid and it was regarded as highly significant that cables yesterday reported a German fleet near Helsinki, Finland.

The council's military committee today decided to imprison Gen. Korniloff and others not in sympathy with its program in the fortress of St. Peter and Paul.

MAY SETTLE PAPER PRICE

(By United Press.)

Washington, Nov. 9.—There was strong indication today that the print paper situation will be settled and a reasonable price fixed by the government.

The print paper makers indicted in the so-called paper trust case in federal district court, New York, are understood to have proposed that a maximum price of \$3 a hundred pounds be fixed pending announcement of the final price by the federal trade commission.

Do You Neglect Your Machinery?

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. To clean the system at least once a week is to practice preventive measures. You will escape many ills and clear up the coated tongue, the sallow complexion, the dull headache, the lazy liver, if you will take a pleasant laxative made up of the Mayapple, juice of the leaves of aloe, root of jalap, and called Pleasant Pellets. You can obtain at almost any drug store in this country these vegetable pellets in vials for 25c—simply ask for Dr. Pierce's Pleasant Pellets. They have the Dr. R. V. Pierce stamp upon them.

South Bend, Ind.—“As a purgative and cure for sluggish liver I think Dr. Pierce's Pleasant Pellets are just fine. It is quite a few years since I had occasion to need them, but I feel sure that it is on their account that my liver is in such good condition today. I would advise any one troubled with constipation and sluggish liver to give the ‘Pleasant Pellets’ a trial.”—Mrs. EMMA CHANDONIA, 725 E. Washington Blvd.

MOTHERS, ATTENTION!

Peru, Ind.—“Always during the expectant period and afterward I would have poor circulation and numb spells, bothering me more at night. Five years ago I tried Dr. Pierce's Favorite Prescription—two bottles and those spells left me and never returned and I feel alone nicely.”—Mrs. STELLA FESIG, 390 E. Washington Ave., Peru, Ind.

Amusements

House Peters and Louise Huff will appear in “The Lonesome Chap,” at the Princess theatre tonight. It is a story that has lots of action and is full of thrilling episodes. Saturday night, “The Lad and the Lion,” an exciting story of the jungles, will be the attraction.

Commencing Monday evening at the Shubert Marat Theatre, Indianapolis, November 12th for a week's engagement with the Wednesday and Saturday matinees William Hodge always a welcome favorite in Indianapolis announces he will appear in a new four act comedy drama. Its title is “A Cure for Curables” and it was written by Earl Derr Biggers and Lawrence Whitman. It is something unusual and unique and Mr. Hodge believes that it will not only please his audiences, but will do some good. This time he will appear in a role different than any other he has ever assumed. He will portray the role of Dr. James Pendergrass, a young Kentuckian who has inherited a sanatorium from his uncle. The uncle places a proviso in the will to the effect that unless the young doctor cures ten patients within thirty days, the place will revert to an assistant. No stretch of imagination is needed by those who know Mr. Hodge's work to figure out what sort of situations are created. But the humor is of an unusual sort. It is subtle, rich and inimitable. It runs through the entire play like

a golden cord, linking together the various situations and carrying the audiences away from itself, into another atmosphere. A love story, powerful, beautiful and above anything usually attempted on the stage, runs through the story adding thereby a charm that is impossible to express in words. There is a great big soul in this new play of Mr. Hodge's and a foundation that gives ample strength for making the play as a whole a tremendous success.

This opportunity will positively be the only one to see Mr. Hodge this season as he will play only week stands and plays no other city besides Indianapolis in Indiana. He is headed for Boston for a long run.

Supporting Mr. Hodge in this new play is the following well known players Ada C. Nevil, Adelyn Wesley, Wm. Yecance, Geo. Lung, Edith Shayne, Lili Patay, Charles Verner, Harold White, Clara Mopres, Edward Wonn, George Barr, Clarence Bellair, Robert Wayne, Frederick Strange, Brigham Royce, David Marshall, Harry Hart, Joseph Weber, James Lewis, James Mailday, Ford Record and Arthur Sprange.

FATIGUE NEARLY OVER- COMES WOMAN

"Bringing up several children in the right way and caring of home brought me to the verge of nervous prostration," says a well known woman. "Fearing that I might become ill and have to give up housework and the care of my little ones, created a nightmare that was ever before me. I happened to mention my affliction to one of my neighbors and she advised me to procure some Phosphated Iron. A day or two later when I was feeling unusually miserable I sent my daughter to the drug store for a box of capsules and after ten days' treatment I felt like a different person altogether. I sleep well at night, something I hadn't done in months before; my appetite is good and in fact what formerly seemed like mountains of work in my home is now more like play. An aunt of mine living over East has been taking Phosphated Iron with equally gratifying results."

Phosphated Iron is put up in capsules only. In this locality it can be obtained at PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

Fate of the "Future"

Thoughtful students of domestic affairs in this country are just now closely watching the effects of the new government policy of food control. Wrapped up in this policy is the probable total abolition of the practice of dealing in "futures," as applied to food stuffs.

It has been the practice of Americans to unreservedly condemn this practice, and in fact to condemn the entire transactions of the great exchanges and boards of trades. However, in the operations of these institutions there has always been a work done that no other agency seemed able to handle. The legitimate grain exchanges performed a very needed task in equalizing the distribution of the food supply, and could not be dispensed with. This is seen in the decision of the government to take over this task, which is now in the hands of Mr. Hoover.

Now the country is watching to see the effect of the abolition of the purely speculative activities of the exchanges, known as "futures." This practice has been for the time being discontinued. Its effect will be carefully noted, and the future policy of the country will without doubt be shaped accordingly. If the abolition of the practice proves beneficial to the country in war times, it will most assuredly be retained in peace. War has already taught us many lessons that are being put into practice and which we will never forget. The fact that the food of a nation may be effectively distributed without the element of speculation may be another lesson we shall learn. If this shall be the result, then the occupation of this species of gambles will be gone, and the country will take a long breath of relief.

It will also be interesting to note how many of the functions of trade will remain in government hands after peace comes. We have already veered largely to socialistic views of life, and still more radical changes may be in prospect. Conservative views of long standing have been abandoned and more radical measures adopted. For years we have been told we were asleep on the job in many respects. Now the awakening has come and no measures seem too daring to be tried out. Without doubt many of these will be found meritorious, and if so, the innate fairness of the American people will demand their retention in our scheme of economy.

The Allied War Council

The great war council of the Allies is set for assembly at Paris November 15. It is announced, by no less an inspired oracle than Ryley Granon, that "the conference will be held exclusively for the purpose of making war more effectively."

This is the one thing needful. The mathematics of the situation has constantly been favorable to the Allies, even before the United States entered the war on their side. There have always been more men, more money, more munitions at the command of the Allies than at the disposition of the Teutons. With America, now added, this preponderance is hugely increased.

Marriage Licenses Issued 50 Years Ago

A marriage license was issued fifty years ago to Anna Yost and John Stanley and they were married on November 15 following, by W. L. Young, justice of peace.

But the fact still remains that the German high command with its undisputed powers, has been and remains able to dispose of its troops, to concentrate its material, and to plan and execute "drives" in smashing force whenever and wherever the existing military or political situation called for such a course. And in most instances its plans have been carried. The Marne, Verdun, Ypres failed. But on the Masurian marshes, in Roumania, in Serbia, and along the Isonzo, the plans met with success.

In each of these instances of German aggressive attack there was ample warning. The Russians, the Roumanians, the Serbs and the Italians told their allies of the danger and cried for aid. In no case was aid forthcoming in season to be of benefit—and the united and co-ordinated Teutonic forces went thru' with their programme.

The conference of the Allies should provide against a repetition of these disasters. If the English and French members of the conference are unable or unwilling to concur in plans of this sort, it is within the powers of the United States to settle the question. If England continues unable or unwilling to anticipate German activity by reinforcing the Italian or any other front where reinforcements is imperative, it will be the duty of the United States to employ its forces of men, money and material for this purpose. A declaration of this sort, made early in the course of the proceedings at the Paris conference, will lay the basis for an agreement of complete unity of action among the Allies; and the spokesman for the United States will be justified in making it.

The fact that one of the three soldiers killed in the recent trench raid by a German patrol in France, is calculated to cool the ardor of American preparation for war. The United States trooper was overwhelmed by the boches, backed up against a trench wall and a knife drawn across his neck. The wound was inflicted with a trench knife, a deadly tool carried by fighting men for hand-to-hand conflicts, dispatches say.

Dr. H. W. Wile says it is easy to go without food for twenty-four hours. We hope the statement has none of the elements of a prophecy.

The Mayor of Reno, Nev., has been drafted. However, this will probably have no effect on the future operations of the divorce mill.

The coal operators should worry. The government is merely making it warm for them in the hope that they may pass a little of the warmth to their customers.

Well, anyhow, there won't be any necessity for spudless days for some time to come.

CONSERVATION OF CONDITIONS ARE BACON IS URGED MENACING IN ITALY

Simple Breakfast Must Not Include Bacon or Wheat Flour, Says Barnard.

SERVE MORE AND WASTE LESS ACUTE SHORTAGE OF CEREALS

Perishable Foods Must Be Eaten Here and Staple Goods Sent to Our Allies.

(By United Press.)

Indianapolis, Ind., No. 8.—Dr. H. E. Barnard, state food commissioner, today requested that in addition to cutting out the wheat cereals and eggs, bacon should be eaten less frequently. Locally produced vegetables and corn meal should be substituted, he said. His statement follows:

"The simple breakfast in an American household is not so simple as it sounds. In Europe breakfast means coffee and rolls. To us it means breakfast food, bacon, eggs and rolls. On our desire to help Mr. Hoover we are cutting out the breakfast food and the eggs and the simplified breakfast is bacon, rolls and coffee. But such a breakfast does not satisfy the food administration and the housekeeper in dismay is asking what can be simpler than such a breakfast. The answer is serve more, and waste less. Bacon and wheat flour are two of the foods we are being asked to use carefully. A simple breakfast of bacon and rolls means that we are eating two of the staples which in concentrated form can be shipped to Europe instead of perishable foods which can be used only at home.

"To get the simple breakfast in line with Americanism and true food conservation, replace the rolls made from wheat flour with corn meal muffins. Cut the bacon to two rashers apiece and add a generous amount of some locally produced perishables—fried potatoes, apples or hominy grits. And such a meal is cheaper better balanced and less wasteful than the simple breakfast which in our carelessness we have thought was economical and sufficient."

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

Not a Single Fire Will be Lighted in a Hotel or Private Home This Winter.

ACUTE SHORTAGE OF CEREALS

No Lunch Can Contain Over Two Dishes. Restaurants Open One Hour Per Day

By GEORGE MARTIN (U. P. Staff Correspondent.)

Washington, Nov. 9.—Confidential advices from Italy to the American government today painted a picture of a cold and hungry populace which officials consider menacing. It is a matter of common knowledge among Washington newspaper men that conditions in the Empire of the ancient Romans are worse than the public has been permitted to know.

There is practically no coal for private consumption. It is said that not a single fire will be lighted this winter in any hotel or private home in Italy. Pine cones and old newspapers burned in iron buckets give all the heat the public at large gets.

The army is hard hit too. Owing to lack of coal Italy has been compelled to quit the making of cannons. She gets her artillery supply from Great Britain. Other manufactures have no coal at all.

Italy's pre-war coal imports were 850,000 tons. Her present war minimum is 1,100,000 tons. She has had to reduce that to 690,000 tons, and even of this she has been able to get only about 66 per cent. Her reserve supplies have been entirely exhausted.

Drastic food control has failed to solve Italy's food shortage troubles. Prices are fixed, every person is rationed, food products are directly controlled by the government.

Sugar is so short that there is no such thing as cake in the entire nation. In Rome, Genoa, Naples and Florence they have what they call cake. It is really bread with a large proportion of rice flour. Using sugar in cooking is a crime punishable by heavy fine. They have tried to use saccharine, but it is a coal-tar product and very unhealthy.

Except at rare intervals, eggs are given to no one but invalids and nursing mothers. There are two meatless days a week. Even on the five meat days, meat fit to eat is hard to get. There is no such thing as veal. It is a crime to kill calves or sheep. Chickens are a rare treat.

Restaurants and cafes may keep open only a few stipulated hours a day. Some days a very short time. Salted fish has come into general use.

There is an acute shortage of all cereals. Corn cannot be fed to hogs under the law. As this order practically wiped out the hog-raising industry in the provinces of Modena, Parma Reggio, Emilia, Ferrara and Ravenna, the hogs were ordered slaughtered by thousands. This has made the shortage of hog meat and fats acute.

The shortage of beef, milk, butter and cheese is keenly felt. Short imports led to the slaughter of one-fourth of Italy's herds, which has accentuated the crisis in beef, milk, butter and cheese.

Olive oil is used for cooking almost exclusively. All bread is a very dark, heavy war bread. Some of it tastes fairly good, some doesn't. Black bread, soaked in olive oil, is a much used though despised dish.

This shortage has brought an embargo on food exports and practically wiped out the big exporter's business in rice, macaroni, cheese and other milk products, fresh and dried fruits, oil, chestnuts, vegetables, forage and fish preserved in oil.

Meals in public places are rigidly regulated. The serving of butter or cream, or dishes garnished with eggs, is unlawful. No luncheon of whatever price can contain more than two dishes, no meal where wine can contain more than three. Railways restaurants may open only one hour before the departure of the first train and remain open only one hour after the departure of the last train.

Shoes Built to Our Order From the Ground Up

The principal portion of our splendid stock of shoes was built to our order, especially to accommodate our exclusive customers. And we instructed the makers to build them FROM THE GROUND UP.

So they started on the ground piece—the sole—with solid leather, and put in honest work and honest material until the shoe was complete.

This enables us to offer you an honest shoe and we have put on them an honest price.

Yes, we have sold shoes cheaper in former years, but when you see the EXCELLENCE OF OUR SHOES you will say they are cheap enough.

SOCIETY

Miss Ellendore Lampton is entertaining with a beautifully appointed breakfast, Saturday morning, honoring Miss Jane Lines, a bride-elect, whose marriage to Claude Spillman will take place November 21. A color scheme of pink and white will be carried out to the last detail in the decorations and appointments of the breakfast. Tiny pink cupids will be suspended from the ceiling over the table. The dainty hand-painted place cards will mark the places for eight guests. A large french basket of pink chrysanthemums will center the table and pink and white ribbons will extend to the plates. Pink candles, hooded with pink shades will shed a soft light over the pretty table, where covers will be laid for the Misses Jane Lines, Lula Harcourt, Clara Archey, Emily Morgan, Mable Morris, Aileen Murr, Freda Morgan and Ellendore Lampton. The breakfast will be served in three delicious courses, the first course will be served in miniature orange baskets, the handles of which will be entwined with smilex.

A crowd of friends went to the home of Mrs. James Henry near Occident last evening and surprised her, complimentary to her birthday. The guests enjoyed an oyster stew and then spent a social evening. The guests were: Mr. and Mrs. Otto Hendricks, Mr. and Mrs. Walter Hendricks and family, Mr. and Mrs. Charles Lewark and family, Mr. and Mrs. John Lewark and family, Mr. and Mrs. Louis Hendricks, Mr. and Mrs. Howard Steel, Mr. and Mrs. Frank Sample and family and the Misses Roma Mahan and Bertha Ward, William Barnard and Dewey Lewark of Fortville and Thomas Black. Mrs. Henry received several beautiful presents.

A number of out-of-town guests are arriving for the reception to be given this evening by Mr. and Mrs. B. F. Miller honoring their son and his bride, Mr. and Mrs. Eugene Car-

lyle Miller of Indianapolis. Among the out-of-town guests are Mr. and Mrs. Otto M. Frenzel, Mr. and Mrs. Cline, Capt. and Mrs. Munford, Capt. Munford being of the Lilly Hospital Unit, Mr. and Mrs. Sweeney, Dr. Oliver, Romney Wilson, Dr. Leslie Maxwell of the Lilly Hospital Unit, Mr. and Mrs. Caleb Denney, Mr. and Mrs. George Denney, Mr. and Mrs. Albert D. Smith and Mr. and Mrs. St. Clair Parry, all of Indianapolis.

Mr. and Mrs. Albert Winship entertained a number of friends last evening at their home in North Main street at a prettily appointed dinner party. An elegant turkey dinner was served to the guests present who were: Mr. and Mrs. Willard Amos and Miss Mary Amos, Mr. and Mrs. Austen Frazee, Mr. and Mrs. O. M. Harton, Mr. and Mrs. Will Harton, Mr. and Mrs. Alvan Moor, Mr. and Mrs. Albert Denning, Mr. and Mrs. J. V. Young, Mrs. Minnie Abernethy and Mr. and Mrs. J. P. Frazee. Senator James E. Watson spent the evening with the guests.

Aside from the regular members of the Thursday Afternoon Bridge club three guests, Mrs. McCormick of Crawfordsville, the house guest of Miss Helen Scudder, Mrs. Ernest Mitchell and Mrs. Fred Arbuckle were entertained by Mrs. Carl Gunning yesterday afternoon at her home in West Tenth street. The hostess served an elegant luncheon. Mrs. Walter Hubbard will entertain the club in two weeks.

The Misses Katherine Giffin and Dorothy Sparks and Hubert Alexander will join Alfred Norris, who is attending Wabash college at Crawfordsville in Indianapolis tomorrow and attend the Wabash-DePauw football game at Washington Park. After the game they will be the guests of honor at a luncheon given by Mr. Bacon of Crawfordsville, at

the Claypool hotel.

A very enjoyable time was spent yesterday afternoon at the home of Miss Mary Sleeth when she and Miss Henrietta Coleman entertained at tea for Miss Erema Wilk. The guests had a social time over their knitting and late in the afternoon tea was served. Among the out-of-town guests were Mrs. Alice Smith of Denver, Col., and Mrs. J. C. McCormick of Crawfordsville.

Friends have received announcements of the wedding of Miss Doris Mitchell of New Salem and Clifford Hardwick of this city, which took place in Covington, Ky., October 13. Mr. and Mrs. Hardwick have kept their marriage a secret until last Wednesday. Mr. Hardwick is employed as bookkeeper in the Peoples National Bank. They will make their home in East Second street.

The C. W. B. M. of the Fairview Christian church met with Mrs. Ida Collier yesterday afternoon at her home in Palmyra. A program was carried out with Miss Eva Hinchman as leader. Mrs. Cora Saxon read a paper on "Mohammed." Light refreshments were served at the close of the meeting.

The members of the Priscilla Art club of Palmyra had a delightful all day meeting yesterday at the home of Mrs. Sherman Hill near Lewisville. At noon the guests enjoyed a pitch-in dinner and in the afternoon they sewed for the Red Cross. In two weeks, Miss Bessie Knotts will be hostess to the club.

Mrs. Alice Hale of Carthage has announced the engagement of her daughter, Miss Helen to Roy M. Small. The wedding will take place Wednesday November 21. Miss Hale is well known in this city having lived here for a few years.

Mrs. J. F. Miller entertained with an informal party last evening at her home in Milroy honoring Miss Mildred Vandeman. About fifteen young people enjoyed the evening over games and splendid refreshments were served.

Mrs. Arthur Trennepohl was the honored guest yesterday afternoon when about twelve of her neighbors surprised her at her home in West First street. The hostess served dainty refreshments late in the afternoon.

Dr. and Mrs. C. L. Smullen and Mrs. Mariah Smullen of Raleigh went to Connersville last evening, where they were the guests of honor at a dinner party and theater party given by Mrs. Morris.

The regular meeting of Coterie club will be held with Mrs. D. D. VanOsdel, Monday afternoon at her home in West Third street. Mrs. Howard Barrett will be the assistant hostess.

Mrs. Frank Wilson will be the hostess to the members of the Monday 500 club at her home in North Main street, Monday afternoon.

Bluffton — Bluffton had a profitable street fair this year, reports of the auditing committee showing \$1,400 remaining in the treasury and all expenses paid.

Hurrah! How's This
Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poisoning, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezeone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus. You simply apply a few drops of freezeone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.

WEDDING SHOWS NATION'S UNION

American Bride is Raising The Lorraine Village, Vitrimont From Ruins

IS CITIZEN OF FRANCE NOW
General Petain Comes to Extend His Good Wishes to Madame La Generale

(By United Press.)
Paris, Oct. 15 (By Mail)—In a humble village of Lorraine now being resurrected among the devastations and ruins of war, a wedding has been celebrated which eloquently symbolizes the alliance between France and America. The bride was Miss Polck, the godmother of the village, Vitrimont. The bridegroom was a French general.
A few months ago, when Vitrimont was still a heap of ruins, the papers announced that a wealthy American woman had adopted the village and was to rebuild it at her own expense. It sounded to many like a good newspaper story, for it seemed rather a tall order for one person, even though she was an American.
But the "godmother of Vitrimont" has proved that she does not promise more than she can keep, for house by house, street by street, Vitrimont is rising from its ruins. And those who loved the old homesteads have the joy of seeing them resuscitated as nearly as possible like what they were before, with a few modern improvements here and there, so the villagers have been calling down blessings on their fairy-god-mother from over the seas.

And it seems to them only right and natural that one of their brave generals should have turned up, like Prince Charming, to offer his hand and heart to their benefactress and thereby turn her into a citizeness of France. And it was just like her to want to have the ceremony take place in Vitrimont, which was thereby given an occasion of giving vent to its gratitude for its rebirth.
And as a final touch to the memorable ceremony, General Petain himself motored over to offer his good wishes to his comrade-in-arms and "Madama la Generale."

And as a final touch to the memorable ceremony, General Petain himself motored over to offer his good wishes to his comrade-in-arms and "Madama la Generale."

Red Cross Notes

All of those who can have their knitting work finished by November 15 are asked to hand it in to the headquarters by that time as a shipment will be made then, sending the supplies to the warehouse at New York on their way to France. Articles shipped by that time will reach the soldiers by Christmas.

The interest in knitting is increasing. More people are calling at the headquarters every day for yarn and instructions to aid in the knitting for the soldiers.

The Arlington auxiliary sent in a large supply of hospital garments this week.

Material for hospital garments and yarn for knitting were sent to Orange township this week to be made up. Some of the work is done there by the pupils in the schools.

6 HEAD OF CATTLE—One extra high class milk cow, half jersey and half Holstein. When on full milk will give as much as any cow in Rush county. One full blooded Jersey cow, giving from 3 to 4 gallons of milk a day, milk tests 8%. One Holstein and Shorthorn cow with calf at side, giving four gallons of milk per day, good quality. 1 Jersey and Shorthorn heifer, fresh giving good flow of milk. 1 four-months-old full blooded Jersey heifer. The above named four cows I regard as a whole as good as any four that will be sold in any one sale this fall. Just as good or better than described.

18 HEAD OF HOGS—4 head of brood sows; 3 shoats and 10 head of summer pigs, weaned; 1 boar ten months old, eligible to register. All the above named hogs are pure bred mule foot, the kind that defy cholera.

150 HEAD OF PURE BRED WHITE WYANDOTTS—200 egg strain. We think as high class a bunch of Wyandotts as was ever grown in Rush county. To be sold in lots to suit purchaser.

HAY AND GRAIN—8 tons of good mixed hay in the mow. 135 shocks of fodder with corn on same, to be sold by the shock.

8 TONS SOFT COAL. 1 SHARE STOCK IN ORANGE TELEPHONE CO.

FARMING IMPLEMENTS—1 Studebaker farm wagon, complete; 1 Gale corn planter with fertilizer attachment; 1 Superior wheat drill; 1 one-row Gale corn plow; 1 John Deere walking break plow; 1 steel frame spike-tooth harrow; 1 rubber-tired storm buggy; 1 Empire cream separator, new; 1 250-egg Successful incubator. All the above named tools are just like new, only having been used this year, so take advantage of the rapid advance in the above named stuff that will be in this sale. 1 complete set of brass mounted work harness for two horses; 1 good set of buggy harness, new. A full line of household goods, consisting of bed room suit, dining room suit, feather bed and many other articles too numerous to mention.

TERMS OF SALE—All sums of \$10 and under cash; on above that amount a credit without interest until September 1st, 1918, will be given, purchaser to execute note that meets with the approval of the clerk. All settlements must be made with him. A discount of 5% given for cash. Absolutely nothing to be removed until satisfactorily settled for.

LITTLE COMFORT IN THE RETURNS

Democrats Find Result of Elections are Not Calculated to Help 1918 Campaign

CONTROL ONLY ONE BIG CITY

Indianapolis, Terre Haute, Fort Wayne, South Bend and Gary Are All Republican

Indianapolis, Ind., Nov. 9.—Second glances at the recent Indiana municipal elections bring home to the political observer the fact that the Democratic party was given a reverse by the voters from the State from which it will take years for the party organization to recover. At this time the state of mind of Democratic state leaders must be something akin to that of Hindenburg and the German Kaiser after having felt for a month the effect of Haig's steam roller in its drive through Flanders.

Before the recent election the Democratic party controlled four of the six first and second class cities in the state—Indianapolis, Evansville, Terre Haute, Fort Wayne—and the Republican party controlled but two—Gary and South Bend. As a result of the recent election the Republican party, after January 1st next, will control five or six first and second class cities—Indianapolis, Terre Haute, Fort Wayne, South Bend and Gary leaving but one of these cities—Evansville—

moored to its old anchor.

This fact, as discouraging and disorganizing as it is, is not the one, however, that is causing the greatest gloom in the camp of those Democrats who have been waiting for the city and town elections to give them some hope and encouragement to enter the state contest next year. The one big thing that is worrying these patriots almost to distraction is the miserable Democratic showing made in Indianapolis—the largest city in the state. Here in the state capital Democracy ran a poor third, not being able to instill enough spirit into its demoralized organization to prevent it from being shown up by a party "running wild." Democratic leaders were compelled to stand by and see their party organization shot to pieces from one end of the capital to the other. In the language of Judge Ross, chairman of the battered remnant of the Democratic party in Indianapolis, "there is nothing of comfort in this for us." The word that went out from the Democracy of the state capital to the Democracy of the state was not one calculated to start off the 1918 campaign with the usual brilliant visions of success at the polls next November.

It would be extremely difficult to find an Indiana Democrat who even cares to analyze the recent results in the various parts of the state. Apparently, they do not care to be reminded of the fact that Terre Haute slipped out of the clutches of the Democratic party, that Fort Wayne registered a landslide for the Republican ticket, that Crawfordsville elected its first Republican ticket in 20 years, that Columbus turned to the Republican party like Maine did in the time of Governor

Kent; that Sullivan in a county as Democratic as Texas elected a Republican mayor; that Greencastle, Columbia City, Tom Marshall's home town, Lebanon, Greenfield, Delphi, Rochester, Princeton and other towns and cities that have always been as regular as an eight day clock in their support of the Democratic party reversed the order of things this year and found themselves after the polls had closed in the Republican lineup. They also do not particularly care to contemplate the fact that such important centers as Jeffersonville, New Albany, Logansport, Marion, Richmond, Brazil, Bloomington, Washington, Bedford and Mishawaka all returned very comforting pluralities for the Republican ticket.

In order that the public may not dwell too long on the awful walloping that the voters of the state handed the Democratic party there does not even seem to be any disposition among Democratic politicians to call attention to the very few reverses that the Republican party suffered at the recent elections. Vincennes, Lafayette and Laporte seem to be the only cities that have been controlled by the Republicans during the past few years that switched to Democracy. But, according to jubilant Republicans, there is no call to make the state unanimously Republican, as there would be no joy to live in Indiana if sharp, political contests should become but a memory in the state.

Taken all in all, last Tuesday was a great day for the Republican party in Indiana.

RAISING MILLION FOR BASE HOSPITAL

Elks of United States Will Give Two Dollars Each Toward This Fund

APPROPRIATION OF \$60,000

Will be Used to Purchase Equipment of Red Cross Base Hospital Being Organized

(By United Press.)

Washington, Nov. 7.—Each of the 500,000 Elks of the country is giving \$2 toward a \$1,000,000 fund for base hospitals back of the American lines in France. A special commission of the lodge has authorized the assessment.

A \$60,000 appropriation has been made by the Elks' War Relief Commission to purchase equipment for the Red Cross Base Hospital, which is being organized in connection with the University of Virginia.

Each base hospital has a staff of at least 26 physicians, two dentists, and 65 Red Cross nurses. A number of Red Cross base hospitals have been organized, which have not as yet raised sufficient funds for the purchase of necessary equipment. Among these are the base hospitals at San Francisco, Portland, Richmond, Atlanta, Baltimore, Charlottesville, Lexington, Brooklyn. This equipment costs \$60,000.

The movement to raise \$1,000,000 was decided upon by the Elks following a meeting of the Grand Lodge at Boston in July, when a

commission was appointed to decide upon some patriotic war service.

The administration of this fund, which is now being raised, has been delegated to the Elks' War Relief Commission, which decided upon the plan of co-operation with the Red Cross.

AMERICAN FOOD SENT TO PRISONERS

Central Powers Are Not Providing

of War.

RED CROSS AIDS SERBIA

Government Arranges Special Rout-
ing So Provisions Will Reach
There Safely.

By GEORGE MARTIN.

Washington, Nov. 9.—Enormous quantities of American food are on the way today to the Kaiser's country.

The American government knows about it. Is, in fact, glad of it. Did, in fact, permit it to be sent and went to considerable trouble to arrange a routing so it would be sure to get there.

The shipment now enroute, which will be followed by others to the value of at least \$500,000, is 5,000 sacks of perfectly good American flour. Other food stuffs and clothing will be sent on to German territory just as fast as the American government can get it there.

The food and clothing, however, is NOT going to German subjects, but to Serbian prisoners of war in Austrian prison camps. Concerning the shipments, the American Red Cross said today:

"As part of the Red Cross program for aid to Serbia, which has been undertaken in cooperation with Serbian government, the Red Cross has just shipped 5,000 bags of flour to Serbians in Austrian prison camps.

"This is the first shipment of a series of food purchases which the Red Cross, in co-operation with the Serbian government, is making in this country for relief of prisoners. The Serbian Minister has deposited \$500,000 to the credit of the Red Cross for the purchase of these foodstuffs.

Officers

WILL CONTINUE TWO DAYS

(By United Press.)

Indianapolis, Ind., Nov. 9.—An all-business program will be observed at the annual meeting of the Indiana Chiropractors association here tomorrow and Sunday. The annual banquet has been eliminated by the committee.

Reports and nomination of officers will occupy the Saturday morning program.

The afternoon program will be devoted to a discussion of publicity plans for the further education of the public. The speakers on this program include McLeod M. Banks, Marion; J. P. Young, Huntington; W. A. Thompson, Marion; J. H. Denlinger, Elkhart; R. L. Jenne, Indianapolis.

On Sunday there will be a clinic at which patients will be handled by B. J. Palmer, son of the discoverer of the chiropractic method.

Thomas Morris, La Crosse, Wis., attorney for the national organization; Ed. V. Fitzpatrick, attorney for the Indiana association; S. D. Gierking, of the Universal Chiropractic College, Davenport, Ia.; Dan Bryan, vice-president of the national organization, Newark, N. J., and Mrs. B. J. Palmer are on the program for talks Saturday night and Sunday.

ENGLAND ABANDONS TAXI WHISTLING

Home Secretaries Has Put a Ban on
the Porters and They Will go
to War

BAD ON HOSPITAL PATIENTS

(By United Press.)

London, Oct. 11. (By Mail)—With one stroke of his pen the Home Secretary has abolished a public nuisance and released a lot of husky men for war work. He has prohibited whistling for taxicabs. In London one doesn't telephone for a taxicab. You pick them up as they pass. So the practice of whistling for them grew up. Every hotel and many private residences kept a whistle. The hotels also kept porters with good lungs for practically the sole purpose of blowing the whistle. The result was that all day and most of the night it was impossible to get out of the range of the whistle blasts.

But it finally was concluded—after three years of agitation—that the whistling wasn't particularly good for hospital patients and convalescents. The strong-lunged porters will have to go to work.

Million Letters In the Mails Today Bearing Magic Words "With the Colors"

Keynote of the Splendid Work the Y. M. C. A. Does Among Our Men In Uniform Is Keeping Them In Touch With the Folks at Home.

STAMPED WITH STARS AND STRIPES AND RED TRIANGLE

Multifarious Ways in Which the Association Appeals to Your Boy, Your Neighbor's Boy, or Some Boy You Know and Love—Creates a Helpful Environment in Cantonment, on Way Overseas, in Front Line Trench and Beyond—First to Aid as He Comes Tottering Back—Give Your Share of the \$35,000,000 Required to Accomplish This "Last Evidence That Somebody Cares."

It was evening on the broad, Hempstead Plain, Long Island, where the Rainbow division was spending its last night before embarking for France. It had been raining hard in the afternoon—a cold, steady autumn downpour—and there was nothing to suggest the rainbow in the outward aspect of the camp. Lines and lines of sodden canvas housed 27,000 men, gathered from 27 different states. The ground was dotted with pools and quagmires. Under the wet canvas it was damp and cold, with a penetrating chill. Lit by flickering candles, the tents were far from cheerful shelter for a man's last night in his native land.

But there were seven big tents where electric lights, numbers and friendliness made the night pleasant.

Music, Games, Good Reading and Correspondence Facilities in Y. M. C. A. Building.

In each of these a soldier was strumming on a piano; others were reading books and magazines; hundreds were writing letters home. Behind the raised counter at one end three or four young men were busy passing out notepaper and envelopes, selling stamps and weighing parcels, which the men were sending home. One of the soldiers said to me as I stood in the tent used chiefly by men from Iowa: "We came all the way here from Des Moines, and we were mighty lonely. Then we found this Y. M. C. A. on the job, and it's been a home and more than a home to us. It gave us what we wanted when we needed it most. We'll never forget it. The boys' best friend is the Y. M. C. A."

Fine, Clean-Cut, Upstanding Fellows. How close those benches were packed with men, bending over the long tables absorbed in their writing! What an appeal to the sympathies those great groups of soldiers make! Fine, clean-cut, upstanding fellows, some of them mere boys, one thinks immediately of the sacrifice they have made for the rest of us and how precious they are to some one back home. Somewhere, in far off farm or village or city street, there are parents or brothers or wives who would give all they possess for one glimpse of those unburned faces as you and I see them on their last night before going across. And it was with a throb of the heart that I watched them, bent over their letter paper, in one after another of those seven big tents.

These were the tents of the Y. M. C. A. On that last night in America the association was serving the soldiers in the best of all ways—giving them an opportunity to write home. On previous nights they had enjoyed boxing bouts, movies, concerts, dramatics and a score of healthy entertainments as well as religious meetings. But on this last night home ties were strongest. And perhaps that is the keynote of the splendid work the Y. M. C. A. is doing among our men in uniform—keeping them in touch with home.

Magic Words, "With the Colors."

In these times there are some letters that mean more to us than any we have ever read before. They are written on sheets of paper stamped with the Stars and Stripes and the red triangle of the Y. M. C. A.; and they bear the magic words, "With the Colors."

least is on its way to you. Each one of our 16 cantonments, where the new national army is being trained, is using more than a million sheets of this paper every month. In the draft army alone that means 16,000,000 filaments of love every month reaching out from the great encampment where the men are being trained into the greatest army this nation has ever dreamed and binding them to the hearts at home. Multiply that by thinking of all the other places where Uncle Sam has men with the flag—in navy yards, on the high seas, in arsenals and officers' training camps and "Over There" in France. In all these places men are writing home. Those unassuming little sheets of notepaper gladden millions of hearts a day. They transfer more love from one

forego coveted possessions or even necessities. The work must go on, because there is no one thing that contributes so much to the spirit and efficiency of the troops. The Y. M. C. A. is working night and day to help the government win this war. And every penny that is given to aid the work is a direct assistance to the health, happiness and strength of your boy and mine.

Snapshots of Kaleidoscopic Work.

In all the big cities in France where our men pass through in large numbers, the Y. M. C. A. is operating hostels, where they can get beds and meals at a minimum cost. In London the American Y. M. C. A. has erected a large building for our soldiers and a clubhouse for American officers.

There are Y. M. C. A. dugouts right behind the front line trenches, where the soldiers can get hot drinks, crackers and other comforts at all hours.

Over 2,000 men who had been rejected on account of physical disability have been able to get into the British army by reason of the physical work of the British Y. M. C. A.

A fleet of motor cars leaves the big Y. M. C. A. headquarters in London at midnight every night to pick up soldiers who are wandering about the streets without any wholesome lodging in which to spend the night. These cars are operated by Englishwomen of position and refinement, who report that they never meet any discourtesy at the hands of the soldiers. The importance of this service can be estimated by the fact that at least 50,000 soldiers are on leave in London every week. Over half of these sleep in Y. M. C. A. beds every night.

Entertainment of Vast Scale.

The Y. M. C. A. has erected a big auditorium, seating 3,000, in each of the big draft camps, and huge chautauqua tents, seating 2,500 in the other encampments. The association is running a 24 week entertainment circuit among the camps and is paying 16 companies of entertainers, who are traveling to 30 camps performing before the men.

In each of the draft camps the Y. M. C. A. has ten secretaries engaged in educational work. The association is seeing to it that every man who cannot speak English is taught to do so. In many of the camps the association has a singing director, who is teaching the men to sing the popular and martial airs that do so much to keep up their spirits.

Of 64 Y. M. C. A. men at Camp Dix only three are being paid full salaries. In all the camps the majority of the Y. M. C. A. men have left lucrative positions to do this work simply because its appeal is irresistible to any red blooded man. Harry Lauder, the famous Scotch singer and comedian, now on his farewell concert tour in the United States, is giving all his spare time to the service of the association, and is singing to the soldiers at all the camps he can reach.

In one of the draft camps the Y. M. C. A. is supervising athletics on 120 playing fields, providing full athletic equipment. The winners of the inter-regimental games will play the champions of the other camps.

One of the greatest services rendered by the association is the making

A Red Triangle Dugout in the Trenches.

out of money orders by which the men can send their pay home to their families. In some of the big camps the Y. M. C. A. is providing banking facilities for the men as well.

Do Your Bit With a Tennyer.

This month (November) the Y. M. C. A. must raise \$35,000,000 to carry on its work among our soldiers and their allies until next July. Of this \$35,000,000 about \$24,000,000 will be spent on the work with our own troops or about \$10 for every man in Uncle Sam's uniform. If everybody who has received letters from soldiers and sailors were to contribute \$10 the task would be easy. Are your boy's health and happiness and clean soul worth \$10 to you?

Your town mayor, your pastor, your school superintendent will know who is the treasurer of the campaign committee in your county or town. Otherwise send a check or money order to Cleveland H. Dodge, treasurer, 124 East Twenty-eighth street, New York city.

Only sacrificial giving by millions of men will make possible the continued work of the Y. M. C. A. among our soldiers and sailors.

AGE NO BAR

Everybody in Rushville is Eligible

Old people stooped with suffering, Middle age, courageously fighting, Youth protesting impatiently; Children, unable to explain; All in misery from their kidneys. Perhaps a little backache first. Urinary disorders, dropsy may quickly follow.

Doan's Kidney Pills are for weak kidneys.

Are endorsed by thousands.

Here's Rushville testimony.

A. M. Younger, retired farmer, 828 W. Tenth St., says: "I have been using Doan's Kidney Pills off and on for about ten years and they have done me good. When a man gets as old as I, he is apt to have more or less trouble with his kidneys. At times, I have had a dull ache across the small of my back and my back has been weak and lame. Then the kidney secretions have been too frequent in passage, making me get up at night. Every time I have been that way, I have bought a box of Doan's Kidney Pills at Johnson's Drug Store, and they have never failed to relieve me in a short time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Younger had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

CALUMET
BAKING POWDER

is now used in the U. S. Army and Navy. It is the brand used for bakings made on Uncle Sam's big battle-ships—it has been selected for foods for the men on the firing line. No higher tribute could be paid to the high quality and absolute dependability of Calumet. It is the final proof of Calumet's superiority.

It goes to show—and show positively—that the big demand for Calumet is founded on dependability—that the millions of housewives who use Calumet were not mistaken in their choice. The leader with the majority of American housewives—and the selection of critical experts of the military departments. Absolute evidence that it is the best baking powder obtainable.

Why not profit by that proof—and order a can today.

County News

Little Flatrock

The Misses Helen and Leila Wilson were the Sunday guests of Miss Grace Dewester.

Orlan King, brother of Mrs. Arthur Wilkinson, is spending a few days with relatives here.

Miss Ethel Trobough is visiting Mr. and Mrs. F. C. George this week.

Miss Mildred Meyers, a student at Depauw University, and Miss Gladys Tisworth, who is attending Purdue University will arrive tomorrow to spend the week-end with their parents.

Mr. and Mrs. Lee Wilson entertained at dinner Sunday, the Rev. and Mrs. J. C. Reynolds and family, Mr. and Mrs. Mont Stewart and Mr. and Mrs. Bert Wilson and family.

Mrs. Walter Norris, Mrs. Bert Norris, Mrs. O. J. Meyers, Miss Anna Kirkpatrick, Mrs. Cliff Stevens, Mrs. John Cassidy and Mrs. Bert Heaton attended the C.W. B. M. rally at the Christian church at Rushville Wednesday.

Mrs. Lola M. Holden visited Mrs. George Giffin and sister in Rushville, Friday of last week.

The Woman's Missionary society held a very interesting meeting at the home of Miss Ida Stevens and Mrs. Mollie Coon, Thursday of last week. The contest with "The Hidden Answers" is being entered into very heartily and incites much interest and enthusiasm. It is requested that captains secure the subscriptions for the Missionary Tidings early, that the same may be turned over to the chairman of that committee, Mrs. Carl Wilson, the first of December. This is an urgent request, as there is to be a change in this magazine the first of the year, also an increase in the price. The fruit shower for the College of Missions is also held open until December.

In and Around Fairview

Mrs. Francis Smelser of Connersville, wife of Dr. Herman Smelser, who is stationed at Camp Taylor, Ky., spent Saturday night and Sunday with Mr. and Mrs. John Smelser.

The children and grandchildren and other relatives of Mrs. Mary Saxon had a home coming and reunion at the home of Mrs. Saxon in Fairview Sunday. The following were present: Mr. and Mrs. F. E. Sutton and family of Bloomington, Mr. and Mrs. Herschel Rhodes, Mr. and Mrs. Alfred Saxon, Mr. and Mrs. A. G. Saxon and family, Mr. and Mrs. Robert Saxon and family, Mr. and Mrs. Guy Wiley and family, Mrs. Emma Saxon, Mr. and Mrs. Walter Cummins and family, Mr. and Mrs. James Lovejoy and family and Albert Anderson. A sumptuous pitch-in dinner was served at noon and a delightful time was enjoyed.

Charles Sweet of Connersville, while on his way to Raleigh met with an accident in front of the Benson store in Fairview Monday. The rear axle of his car broke. He was alone and escaped injury. He called Ed Lewark of Glenwood, who came and pulled him in.

The Fairview township division of the Red Cross chapter of Connersville, met with Mrs. Mary Saxon, Tuesday afternoon at her home in Fairview. The next meeting will be held with Mrs. Ella Benson Tuesday afternoon of next week.

Amusements

The famous film "The Whip" will be shown on Monday and Tuesday of next week.

When the big train wreck, which forms one of the gigantic scenes in "The Whip," was staged in Maryland for this tremendous film drama, a veritable sensation was caused. All the countryfolk in the immediate vicinity of the wreck, who had no idea that the catastrophe was staged just for the movies, came running to the scene. Doctors were called, a hospital in a nearby city was notified and altogether a huge amount of commotion resulted.

The train wreck in "The Whip," by the way is the most costly single scene ever staged for a screen production. The cost was over \$25,000.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just this. Don't stay stuffed up with a cold or runny nose. Get relief

"I Have the Best Car the Reo Folk Ever Built"

HOW OFTEN YOU HEAR that expression from Reo owners!

TALK TO ANY ONE of the persons you know who own Reos, and after he has told you the wonderful tale of service and of low upkeep, he will almost invariably conclude with that phrase.

HE HONESTLY BELIEVES that he has one of the best cars that ever came out of the Reo factory.

SEEMS TO HIM it must be an exception.

IN FACT HE SAYS frequently that he believes his car must have been a "special"—perhaps made for a dealer's demonstrator, and he was just lucky enough to get it.

SEEMS AS IF no other combination of motor and clutch, transmission and rear axle (not to mention steering, starter and other parts) could ever have been gotten together in one automobile!

AND THAT JUST GOES to show the wonderful uniformity of Reo quality.

EVERY REO OWNER thinks his particular Reo is the best—which proves they are all good.

ASK TWENTY in a row—or one hundred—and their stories will correspond so closely you'd think they had learned them by rote.

AS A MATTER OF FACT one Reo is just as good as another. Every Reo is a good automobile. And, we believe, any Reo is just a little bit better than any other automobile you can find at anywhere near the price.

AND THAT IS WHY the demand for Reo automobiles and Motor Trucks is always greater than the supply.

ORDER NOW and you can be sure of a reasonably prompt delivery and you can be absolutely certain that your Reo will be just as good as any Reo ever made.

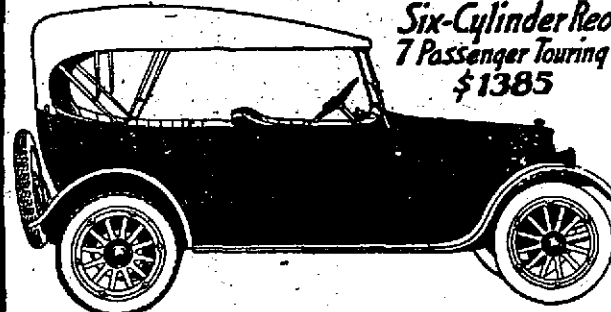

BUT DON'T DELAY—especially if you have set your heart on a Reo Six. For the demand is tremendous and—present prices are subject to increase without notice.
